Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 25 years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of **PDA No.7** that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident homeowner and have lived in our neighborhood for more than two years. All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of **PDA No.7** that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: **first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.**

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 5 years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of PDA No.7 that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe our neighborhood was harmed by this lack of notice, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 16 years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of **PDA No.7** that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

I am a West End resident and have lived in our neighborhood for more than 10 years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of **PDA No.7** that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.

Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than ____ years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of PDA No.7 that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Re: Comments to Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than ____ years.
All West Enders want to see our neighborhood thrive and we welcome efforts to positively enhance our community.

Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, our community members have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

Now we are writing once again to voice our opposition to approval of any proposed amendment to or restatement of **PDA No.7** that would give **Equity Residential** the ability to move forward with its current proposal to replace the Garden (Bubble) Garage.

We also strongly object to the lack of notice to our Impact Advisory Group (IAG) members that the BRA petitioned the Boston Zoning Commission to approve two amendments to Article 27D, Downtown Interim Planning Overlay District, to: **first, include PDA 7 in the IPOD so any redevelopment in the PDA would be subject to the new IPOD height limits; second, increase the height limit in the IPOD.**

We believe **our neighborhood was harmed by this lack of notice**, denying our representatives and the larger community the opportunity to provide feedback regarding these detrimental zoning recommendations. Passage of these two amendments to Article 27D has led to the current request to amend and restate the PDA. **We strongly believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersede any zoning overlays.**

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density, provides onsite workforce housing, and complements the other buildings in our **residential** neighborhood.

Despite the clear opposition expressed in letters, emails and meetings by so many long-term residents of the West End, Equity Residential continues to ignore our neighborhood concerns and requests to make any meaningful changes in this massive proposal.

We continue to voice our opposition to this project in its current form and request that the BRA work with us to improve this proposal for the benefit of all our West End residents.

Thank you for the opportunity to comment and for considering these comments.
