Re: Support for the Boston Garden Development Project

Dear Mr. Fitzgerald,

On behalf of the Boston Celtics, I would like to register our full support of the Boston Garden Development Project proposed by Boston Properties and Delaware North at 80 Causeway Street.

This project will vastly improve our fan/customer experience as well as the workplace of our employees and our players. The Boston Celtics are excited by the opportunities presented in the Expanded PNF submitted to the BRA on September 6, 2013, and are in particular favor of the following elements:

- Development of Champions Row, a front door to the TD Garden that will welcome fans through a proper, grand entrance.
- Rich and diverse retail experiences that will give our fans, our players, and our employees a place to shop, and spend time before and after games.
- Improved parking and access to North Station which will further improve the visitor and employee experience in arrive at the Garden.
- Improved traffic flow and the potential for an expanded plaza in front of the Garden which could be utilized during special events or for special occasions

Thank you very much for your consideration and registration of our endorsement of this important development for our community.

Signed,

Rich Gotham
