RE: Support for the Boston Garden Development Project

Dear Mr. Fitzgerald,

I write to you on behalf of Laborers' Local 22 and our members. We, as a local, are in support of the Boston Garden Development Project for many reasons. I am writing to indicate our full support of the Boston Garden Development Project proposed by Boston Properties and Delaware North Companies at 80 Causeway Street.

I feel that the proposed project will provide the following benefits:

- Creation of approximately 2,000 construction jobs and 5,000 permanent jobs in the City of Boston.
- Bring many needed services, retail, and activities to our community and neighborhood.
- Promote SMART Sustainable Growth above New England's second largest transit hub.
- Improve pedestrian safety and access to the MBTA North Station and the TD Garden.
- Beautify and enhance the public realm.
- Great to see this project finally coming to fruition.

I believe this project will be a positive addition to the city of Boston. Please record my name and local union for being in favor of this project.

Sincerely,

Louis A. Mandarini, Jr.
