Re: Support for the Boston Garden Development Project

Dear Mr. Fitzgerald,

As a resident of the North End neighborhood, I am writing to indicate my full support of the Boston Garden Development Project proposed by Boston Properties and Delaware North at 80 Causeway Street. The proposed project will provide the following benefits:

- Addition of many needed services and activities to our community and neighborhood;
- Fills an ugly black top parking lot and void along Causeway Street with an attractive, exciting mix use development;
- Improves pedestrian access and safety to North Station and the MBTA;
- Provides a much needed front door to TD Garden, improving pedestrian and vehicular traffic distribution;
- Promotes a smart growth transit oriented development and sustainability.

Thank you very much for your consideration and registration of my endorsement of this important development for our community.

Signed,
