RE: Support for the Boston Garden Development Project

Dear Mr. Fitzgerald,

As a vender of the TD Garden and someone who goes to the Garden, I am writing to indicate my full support of the Boston Garden Development Project proposed by Boston Properties and Delaware North Companies at 80 Causeway Street.

The proposed project will provide the following benefits:

- Bring many needed services, retail, and activities to our community and neighborhood.
- Promote SMART Sustainable Growth above New England's second largest transit hub.
- Improve pedestrian safety and access to the MBTA North Station and the TD Garden.
- Fill the void along Causeway Street and provide the missing link needed to complete this neighborhood.
- Beautify and enhance the public realm.

I believe this project will be a positive addition to the city of Boston. Please record my name in favor of this project.

Sincerely,

Jack Szymanski
