**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Starridae Harris

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

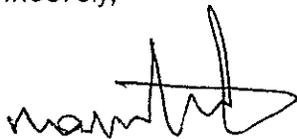

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Bernadette Holiday

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Estrella Rodriguez

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: *Adrian Portillo*

My wife and I are residents of Belgrade Ave., Roslindale, for more than forty years. In recent years, new apartment buildings have been built on Belgrade Ave. each containing more dwelling units than than the existing triple-deckers predominant in this area.

In 2017, we heard about a proposal to construct a high school at [361 Belgrade Ave.](#), a site owned by Clay Chevrolet, presently selling used cars. We went to a Roxbury Prep presentation at the District E-5 police station.

Representatives from Roxbury Prep proposed to construct a high school, on a parcel of land (less than an acre in size) three to four stories high, to contain over 900 students and faculty. They would arrive by MBTA commuter rail, buses and cars. There was almost unanimous opposition to this proposal Most objections centered on this location being inappropriate for such use, because of condensing so many people in a small space (for a high school) and traffic problems at the intersection of Belgrade Ave. and the West Roxbury Parkway, both bearing major traffic during weekdays. Other objections included that few children from the Roslindale/West Roxbury areas would be able to attend as this is a charter school where enrollment is determined by lottery. We thought this was the end of the matter.

In January and February 2019, we attended meetings at Annunciation Church on VFW Parkway hosted by the BPDA. The hall was packed. About a third of the people wore blue T-shirts supporting the school. Roxbury Prep presented a new plan for a three level building, containing about 562 students plus faculty on the subject site.

Testimony was heard from people from both sides of this issue. However, the people who testified in favor would not be affected by the problems that would be caused by construction of this school. It is my impression that the people who support this proposal were enticed by promises of favoritism.

It is my further impression that Roxbury Prep intends to build additional stories on the building in the near future, in order that they may expand enrollment to the numbers they proposed in 2017, i.e., over 900 students and faculty.

The West Roxbury High School building, which has been under enrolled for years and in need of repairs, is to be closed at the end of this school year and eventually reconstructed. Even if this is true, I don't think enrollment will be increased.

I am not opposed to charter schools; they are a good alternative. I think the City of Boston should lease or sell this building to Roxbury Prep. Instead of spending millions for construction on a dubious site much too small for such use, Roxbury Prep should spend it on an existing building architecturally designed as a high school. This would be a better solution in the long term and allow for future expansion.

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the the proposed construction of Roxbury Prep High School at 361 Belgrade Ave. that will accommodate 562 students. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA. The development does NOT meet Department of Education Standards for space for HS students. The location adjacent to train tracks is completely unsafe and the resultant traffic and public transportation disruption will make a bad traffic situation 10X worse!

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

Thu, Mar 7, 2019 at 10:24 PM

Dear Ms. Donovan,

My home on Belgrade Avenue is in close proximity to the proposed site for Roxbury Prep, operated by a New York charter school company. At both of the recent BPDA public meetings for the proposed high school, I listened to all the vagaries of the project presented by the proponent's representatives. It is difficult to understand how a project of this scope that clearly is not well thought out reaches the point of making a public presentation to the community. For a public charter school, there's not much public information available or transparency with transactions surrounding this project.

If I wanted to build an addition to my home, I would face far greater scrutiny. However, despite all the zoning violations, lot restrictions, student enrollment and safety issues, and impact on the immediate neighbors that encompass this project, it is moving forward in the process under a BPDA small project review. Educational uses may be allowed on this tiny parcel of land, but I don't think anyone involved in making that designation ever envisioned cramming well over 600 individuals on it.

The proponent claims the smaller building project is in response to the immediate neighborhood's concerns. I don't recall being at a neighborhood meeting where anyone suggested a smaller building with the same issues would be better.

It appears the proponent is trying to circumvent the process. They made some hard to believe assurances at the BPDA public meetings about student enrollment and the building size. Aren't there such things as permit amendments, building additions, acquiring additional property, and the like no matter what is put in writing for this project at this time? There's always tomorrow to expand. They heard the immediate neighborhood concerns and objections loud and clear at previous meetings in 2017 when the original intent was to build a larger building requiring a BPDA large project review and their solution is to ignore us.

After the 2017 preliminary meetings, the proponent did "extensive" community outreach further away from the proposed site where it is easier to shape opinions with individuals who are not directly impacted. The proponent's poorly developed plan based on generalizations might appeal to a broader base. Immediate neighbors have significant concerns and object to this project at this location.

During their recent public presentation, the proponent's representatives indifferently pointed to buildings near the proposed site. They had to be reminded the buildings are someone's home. At both meetings, some immediate neighbors, as close as the next-door condominiums, stated that the proponent has never attempted to reach out to them over the course of the past two years. That is how limited their outreach was with regard to the immediate neighborhood and highlights their lack of concern with the impact of their proposed project.

The proposed site is located in a dense mostly residential neighborhood made even denser by recent real estate development. It is at the intersection of Belgrade Avenue and West Roxbury Parkway, near a heavily traveled rotary, and next to the Bellevue commuter rail station.

and from the site on public transportation for up to an hour if they're lucky and there are no service delays or cancellations. It appears inconvenience for students to accommodate the staff is preferable.

The proponent has unlimited funds at their disposal to hire attorneys and PR people to push their project. Those funds could be better used to finding a suitable location to unify their school and meet their needs. Not for a moment do I believe the proponent's claim that an exhaustive search was made to find a suitable location. Someone competent should be hired to carry out a professional and productive Boston site location search.

My opinion is the New York charter school company, supported with our tax dollars, is telling the students and parents of the middle and high school that this project is good enough for them. I say they deserve better than this substandard excuse of a modern high school building on a tiny parcel of land for all the money that is being thrown at it. My neighbors and I deserve better than to have our concerns ignored.

The immediate neighbors are clearly outmatched in terms of resources—no attorneys, no PR people, and no unlimited funds. We have voiced our concerns at meetings, signed petitions, sent letters to our elected officials, put up signs, made phone calls, and handed out flyers. We have done everything a private citizen can do in the hope our concerns would be heard.

The proponent's PR people responded to our strong objections to their project by insinuating we are racists, directing ageist remarks at some of us, and belittling and misrepresenting GBANA, our neighborhood association (I live on the wrong side of the tracks to join LANA—the tracks are a membership boundary line—how appropriate). Residents directly impacted by this project have a right to voice their concerns and objections and receive answers to their questions. The proponent's insults are an attempt to discredit and trivialize our concerns about their poorly planned project.

This school project serves only those who benefit monetarily: the auto dealer who owns the land, the developer, architects, attorneys, contractors, PR people, and the New York charter school company. They, among a few others, are the only ones who stand to gain from this project.

Much of the new development in our community brings to mind the "revitalization" of the West End. It is a different time and a different approach, but it is exactly the same kind of maneuvering by self-serving individuals who flaunt their indifference and use excessive influence without any regard to how they impact a community. One of the comments repeatedly expressed in the neighborhood about this project is that "it's a done deal." It is troubling to hear that is what residents think. The apparent lack of good judgment and good data exhibited by the proponent in planning this development is evident in various aspects of this deal. Some aspects are vague or invisible. In the public interest, this project, no matter what the size, should not move forward. We need responsible planning and development of our neighborhood.

Sincerely,

Mary Karapetian

246 Belgrade Avenue

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

Name-TOM ROWLEY,

33 CLEMENT AVE, WEST ROXBURY, (phone 617-820-8737 cell),

I am IMMEDIATE NEIGHBORHOOD 45 YEAR RESIDENT. My mother/our long-term permanent family home has lived in same house since 1971 diagonally across intersection from proposed 361 Belgrade site.

\*\*\*\*\*DO NOT PRINT/ give out my address and phone #

=====

\*\*\*\*\*I want ALL this BELOW printed in the WEST ROXBURY BULLETIN under "letters to the editor" section IN 1 WHOLE PARAGRAPH.\*\*\*\*\*

\* TITLE-This is in In regards to the Roxbury Prep 361 Belgrade SUPPORTERS/PROPONANTS using and making allegations the "OPPOSERS ARE RACIST AND ARE NOT FAIR-MINDED CARD":

'The supporters saying and alleging THE OPPOSERS ARE NOT FAIR-MINDED and RACIST is ALL BASED ON ASSUMPTION and NOT ON FACT and THERE IS NO EVIDENCE OR FACTS TO SUPPORT THIS CLAIM and ALLEGATION.

-There is NO OBJECTIVE, FACT-BASED EVIDENCE WHATSOEVER IN ANY WAY, SHAPE, OR MANNER (EITHER DIRECT, INDIRECT, OPEN, VEILED, etc) that can point to this and NOTHING EVIDENCE-WISE AT ALL TO CONFIRM AND SUPPORT THIS ALLEGATION AND CLAIM that THOSE WHO OPPOSE THE Roxbury Prep 361 Belgrade Ave location are not "fair-minded" and are "racist".

-From the Roxbury Prep SUPPORTER standpoint, IT'S VERY DISINGENUOUS AND MISLEADING to attempt to FURTHER THEIR AGENDA by painting those in OPPOSITION in the community with a broad brush by alleging they are not "fair-minded" and are "veiled racist" WHICH THEY MOST CERTAINLY ARE NOT!

-What's even MORE DISINGENUOUS is the fact that THE SUPPORTERS/PROPONANTS (the CORPORATE OUT-OF-STATE DEVELOPERS, PR Firm, the RP Corporation, and WHOMEVER ELSE INVOLVED IN THE SUPPORT) are using this "opposition not being fair-minded and racist card" As A WAY and a MEANS and an AVENUE TO FURTHER THEIR OWN BENEFIT AND AGENDA by attempting to get the 361 Belgrade Ave location approved VIA THIS STRATEGY.'

-I've actually heard that there are some members of the community who are of color who are charged by this AND THE SUPPORTERS USING THIS STRATEGY.

-In a way, THIS STRATEGY IS BEING USED AT THEIR EXPENSE.

Tammy Donovan &lt;tammy.donovan@boston.gov&gt;

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I strongly feel that the city has promoted excessive development without a necessary improvement in public transportation or roads. I believe that it is short sighted for the city to allow this school to develop their project on MDC property which will be needed to widen the West Roxbury Parkway.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

RE: 361 Belgrade-WR BULLETIN MEDIA BIAS TOWARDS SUPPORT SIDE

Hi Ed,

The WR Bulletin needs to be contacted and told to stop doing this.#617-361-8400. I copied you the other emails as well.

1)---The WR Bulletin is printing PROPAGANDA letters in the editorial section that the supporters write in about the 'those in opposition not being fairminded and racist'.

---The Bulletin is also SLANTED/MEDIA BIASED TOWARDS THE SUPPORT SIDE.

2)--- Th 'opposers aren't fairminded card" is NOT FOUNDED BY FACT and even with any opinion letters printed regardless of stance, the content needs to FLOW FROM FACTS.

3) ---BY THE WR BULLETIN PRINTING THIS, THEY'RE GOING COMPLETELY OFF THE RAILS and spreading fake news and propaganda.

4)--- Also, The Bulletin publicly printing this is/could very well be PUTTING THOSE MEMBERS OF THE COMMUNITY IN OPPOSITION AT RISK and since info like this COULD RESULT IN NEGATIVE CONSEQUENCES towards those in opposition both to them personally and also towards their property as well...by RETALITORY ACTIONS and also large group PROTESTS from those various groups that come in and protest these type of things alleged.

Please reply to confirm receiving this.

Thanks,

Tom Rowley

**Message** Dear Committee and city and state officials,

I oppose this project and have written comments similar to the ones I'm writing again in previous forums. I've also spoken publicly about my opposition to Roxbury Prep becoming my direct neighbor at the meeting on 2/7. I have now read the comments from the 2/13 meeting. I can't emphasize enough the negative impact that 500 + students, 70 + staff and who knows how many families and members of community organizations that offer services to Roxbury Prep will have on the neighborhood in which I live. It will impact us via Commuter Rail traffic- on a line not meant to accommodate that number of riders. It will impact us via the bus line- which will mean additional buses running up Belgrade Ave and large numbers of people waiting on a small plot of land. It will impact the neighborhood noise, our mornings getting out to work, our evenings returning home, how we spend time outside, how our family and friends access our homes. It will bring additional service trucks to the access road on Anawam- which leads into my driveway and also the driveway into the Roxbury Prep garage (causing blockages in high peak times since this is also supposed to be the "kiss and turn"). This is more than a M-F 8-3 (we can stagger drop off to minimize impact on the neighborhood) because good schools open early and stay open late; there are supposedly sports and afterschool activities, the building is supposedly also a community resource (basketball games, tables outside etc.). This is a 7 day/wk building.

I've written this before but it's important to state again- unlike other people in roslindale who live near schools- that already existed in the neighborhood- had a choice to rent or buy there, fully aware of the neighborhood culture that the school brings. I did not buy a home in a neighborhood like that- and I don't want to live next to a school. I feel like that should be really important.

Finally- the impact on West Rox Prkway and Belgrade will be substantial. There have been 2 accidents in that intersection recently. Traffic backs up to Washington St, Centre St and past the Holy Name rotary. These will only increase with that many cars entering and exiting on such a small corner plot. There was just a death in the neighborhood (on Centre st.) due to increased traffic. It seems very likely that a property with that many people coming in and out of it will only make things worse.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I urge you to oppose the development of Roxbury Prep in [361 Belgrade Ave](#).

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals. The traffic is currently very congested in the area and the Bellevue Station lot is full during the week. There aren't any parking spots for Roxbury Prep parents to park in the lot and take the commuter line. Is the MBTA planning to expand the lot? This school is too big for the proposed space. It will not be safe for students to cross the train tracks or streets during the busy morning and afternoon given all of the cars in the area.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. I am writing to OPPOSE the project at 361 Belgrade. I live up the street from the location and commute through that intersection at least 1-2x per week. The traffic is already impressive, getting by that intersection and then through the rotary is tough. The way back home in that exact area the PM hours is even worse-the bottleneaking of traffic from Belgrade/parkway intersection backs up traffic into the holy name rotary. This neighborhood cannot absorb a student/teacher body of this size and scope without negatively impacting the quality of life of the area residents. The traffic rating if this size of a school is built will go to an F and is not acceptable-it needs to be taken seriously for the residents that live here. We understand a school make need a new building but this is not the right location.

Thank you,

Catherine Kelly

To: timothy.burke@boston.gov, bpdaboard@boston.gov

Dear Mr. Burke:

We are writing to voice our opposition to locating Roxbury Preparatory Charter School at [361 Belgrade Avenue](#). Those opposed are often accused of being guilty of NIMBYism rather than having legitimate concerns. We and our neighbors who oppose locating the Roxbury Preparatory Charter School on Belgrade Ave. are not opposed to the school. We recognize that it has an excellent academic reputation with high achieving students. We would welcome this school at another larger, truly suitable location in Roslindale or West Roxbury.

A major concern is that public transportation is inadequate despite the school's claim to the contrary. The increased number of buses on Belgrade Ave. the school will require will only worsen existing traffic snarls. As anyone who lives in the area will tell you, traffic at the intersection of Belgrade Ave. and the West Roxbury Parkway is heavy at all times and horrendous over the rush hours. A traffic study gave the West Roxbury Parkway and Belgrade Ave intersection a failing grade of F.

Proponents of [361 Belgrade Ave](#) contend that many students will take the Needham Line commuter train. True, the commuter rail stops literally at the back of the school but the Needham line does not run many trains. Currently only two trains from Forest Hills stop at Bellevue Station during the morning commute - one at 7:23am and the other at 9:24am - and during the afternoon commute there are only two trains to Forest Hills that stop at Bellevue Station - 3:10pm and 5:22pm. Equally important is that the Needham Line is notorious for performance issues with daily late and cancelled trains, especially in winter.

Another major concern is the small size of the lot, not quite an acre. Just drive by the location on Belgrade Ave. and you will see that it is too small for a school of almost 600 students and additional staff. The lot is constrained by Belgrade Ave. in the front, the commuter rail tracks and station to the rear, the West Roxbury Parkway on one side and Anawan Ave. on the other side. The lot is not large enough and there is zero room for expansion.

Joe and Judith Chevarley

[30 Clement Ave](#)[West Roxbury](#)[\(781\) 327-9808](#)

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

<b>Message</b>	<p>I am among the hundreds of neighbors of <a href="#">361 Belgrade Avenue, Roslindale</a>, who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.</p> <p>As a longtime resident and home owner in West Roxbury, only one block from this location, I believe this project would greatly harm the community. In addition, I am not the only person who is concerned for the safety of the students due to congestion from cars, buses and other types of transportation in this community.</p> <p>When one invests in a home and a community, people look for many things including schooling, congestion, traffic, and ease of transportation. I attended high school in Roslindale because there was no high school in West Roxbury. Many students attend high school outside their community. While I am open to change, there is a breaking point. Look at your own homes and how you would react to the kind of change that this particular project would bring. There is also a massive amount of buildings and projects approved and others seeking approval for this area including apartments and condos. This is a busy suburban Boston area. If anything, it would be better to build apartments/condos/senior housing on this sight rather than the project that is being proposed.</p> <p>We have been told that the school will also be used evenings and on weekends (which will include parents and families). The commuter rail does not run on weekends. Where will people park? I have been told by some residents, who have health issues that they are frightened that they will have to park further and further away and it will become even more difficult to get to and from their cars/homes.</p> <p>We also have been told that travel will be increased by only 1-2 minutes. I feel we have been made to feel that we are selfish to complain about this issue. I can guarantee that it takes much more than 1 to 2 minutes in additional time to navigate the increased traffic even now!!! There is no such thing as an average delay!!! Proponents of the project have said that this problem is happening all over the city. Should we continue to add to this problem? Should we succumb to this thinking? We have been told to just "get over it".</p> <p>Try turning left on Anawan Avenue where you will come to a six-way intersection on the West Roxbury Parkway, Anawan Avenue, and Beech Street. Frequently, cars traveling on the Parkway do not stop when the light turns red, traffic backs up across the intersection preventing cars from Anawan Ave. and Beech St. from moving through the green light. Enforcement has told us that they do not have enough coverage to address this situation.</p> <p>The school has said they will monitor congestion problems. How is the school going to monitor their students, staff and school? As a teacher for 35 years in the city of Boston, I know that those who are asked to monitor these issues (often due to other issues going on) do not always show up to take care of these problems. The school tells us to tell them if there are problems. So, the community/hard working people</p>

33 Clemons Ave  
West Roxbury, MA  
2/19/19

I am a West Roxbury resident and oppose the proposed Roxbury Prep School at 361 Belgrade Ave.

This school is not a Boston Public School. A very small percentage of admitted students are from Roslindale/West Roxbury.

How many present students are from Roslindale/West Roxbury? How many have/will graduate?

Will Roxbury Prep be assessed a, PILOT, fee for the City of Boston? My taxes are going up. Will the school share the tax burden of Boston? Why subsidize another Charter school when BPS has requested an increase in their budget? State education funding is decreasing.

Who owns the Roxbury Prep School corporation? What is their profit from the school?

They are asking/demanding a "gift" of prime Boston Land

Who are the "philanthropic partners", who will help raise funds for the school?

I question the validity of the downsizing of the school. Its promoters were adamant about wanting all campuses to be consolidated

Tammy Donovan <tammy.donovan@boston.gov>

RE: OPPOSE 361 BELGRADE AVE- ROXBURY PREP LOCATION-I want this to be published in the 'LETTER TO THE EDITOR' section of the WEST ROXBURY BULLETIN-

Name-TOM ROWLEY,

33 CLEMENT AVE, WEST ROXBURY, (phone 617-820-8737 cell),

I am IMMEDIATE NEIGHBORHOOD 45 YEAR RESIDENT. My mother/our long-term permanent family home has lived in same house since 1971 diagonally across intersection from proposed 361 Belgrade site.

\*\*\*\*\*DO NOT PRINT/ give out my address and phone #

=====

\*\*\*\*\*I want ALL this BELOW printed in the WEST ROXBURY BULLETIN under "letters to the editor" section IN 1 WHOLE PARAGRAPH.\*\*\*\*\*

\* TITLE-This is in In regards to the Roxbury Prep 361 Belgrade SUPPORTERS/PROPONANTS using and making allegations the "OPPOSERS ARE RACIST AND ARE NOT FAIR-MINDED CARD":

'The supporters saying and alleging THE OPPOSERS ARE NOT FAIR-MINDED and RACIST is ALL BASED ON ASSUMPTION and NOT ON FACT and THERE IS NO EVIDENCE OR FACTS TO SUPPORT THIS CLAIM and ALLEGATION.

-There is NO OBJECTIVE, FACT-BASED EVIDENCE WHATSOEVER IN ANY WAY, SHAPE, OR MANNER (EITHER DIRECT, INDIRECT, OPEN, VEILED, etc) that can point to this and NOTHING EVIDENCE-WISE AT ALL TO CONFIRM AND SUPPORT THIS ALLEGATION AND CLAIM that THOSE WHO OPPOSE THE Roxbury Prep 361 Belgrade Ave location are not "fair-minded" and are "racist".

-From the Roxbury Prep SUPPORTER standpoint, IT'S VERY DISINGENUOUS AND MISLEADING to attempt to FURTHER THEIR AGENDA by painting those in OPPOSITION in the community with a broad brush by alleging they are not "fair-minded" and are "veiled racist" WHICH THEY MOST CERTAINLY ARE NOT!

-What's even MORE DISINGENUOUS is the fact that THE SUPPORTERS/PROPONANTS (the CORPORATE OUT-OF-STATE DEVELOPERS, PR Firm, the RP Corporation, and WHOMEVER ELSE INVOLVED IN THE SUPPORT) are using this "opposition not being fair-minded and racist card" As A WAY and a MEANS and an AVENUE TO FURTHER THEIR OWN BENEFIT AND AGENDA by attempting to get the 361 Belgrade Ave location approved VIA THIS STRATEGY.'

-I've actually heard that there are some members of the community who are of color who are charged by this AND THE SUPPORTERS USING THIS STRATEGY.

-In a way, THIS STRATEGY IS BEING USED AT THEIR EXPENSE.

-All the rich, out-of-state, corporate developers care about is getting their money to build the school and have a general, overall, disregard for the neighborhood and the community as a whole...and the negative impact it will have being built at that location. The developers could care less about the community and its members regardless of what race they are.

optional to print this:-[The Belgrade Ave area has been a diverse neighborhood of various nationalities, ethnicities, and races for well over the 40+ years I have lived in the neighborhood.

Quite a few if not all of the supporters making this "non-fair minded allegation" have only lived in the area no more than a decade or less... AND/OR who LIVE OUT OF STATE...AND/OR DO NOT LIVE in the West Roxbury/Roslindale communities AT ALL and HAVE NO RIGHT TO JUDGE THOSE WHOM THEY DO NOT KNOW ].

Thanks again and hope to hear from you soon,  
Tom Rowley

## Fw: Regarding proposed 361 Belgrade Ave, Roslindale site for Roxbury Prep High School

1 message

'John Kalaitzidis' via **BPDA Board** <bpdaboard@boston.gov>

Thu, Feb 14, 2019 at 6:42 PM

Reply-To: John Kalaitzidis <[REDACTED]@yahoo.com>

To: "bpdaboard@boston.gov" <bpdaboard@boston.gov>

On Thursday, February 14, 2019 6:40 PM, John Kalaitzidis <[REDACTED]@yahoo.com> wrote:

Dear Elected Officials;

As you are aware, last night we had yet another meeting with the developer, Roxbury Prep Staff and students regarding the proposed site at 361 Belgrade Ave. I am grateful for the attendance of our local and state reps who showed up in order to attain a better viewpoint from both sides of this issue. I am opposed to the school in this location for a number of reasons which were asked (by me, and others') last night but were NOT addressed / answered and were instead "evaded" and brushed aside. The questions I as a 47 yr resident of [148 Beech St., Roslindale](#) would like answered are:

1: What is the "net carbon footprint" of this proposed build? They (developer) wouldn't give an answer..

2: We have spent a lot of tax dollars building sites such as Hyde Park High which remains closed. Why not utilize this site which would allow for ALL students from Roxbury Prep to attend. Perhaps Readville? Why can't we use the W.R.H. S., site at VFW PKWY? This site is only being 1/2 utilized. Teachers currently state that this site isn't fully utilized due to "lack of students available".. Yet when I asked this question last night the developer stated that they had asked the Boston Public Schools to utilize the site and were turned away. I'd asked who they had spoken to but the question was dismissed and never answered. Millenium Park also can be best utilized for a high school location. After all, in New England we only have a good 4 months which people would utilize a park due to weather concerns. Much better to allocate for education purposes. AND, the VFW PKWY boasts 4 lanes of traffic flow instead of the 2 lane road that is Belgrade Ave. And, the location is right on the commuter rail and T. Both valid concerns for all parties.

3: Since the building code is for 34 ft height why should this developer be allowed an "exception" ( they request 39 ft) when other developers' had to follow the rule of law?

4: Since there is only some 49k square feet of available space, why is this project even a consideration? When state law mandates that a bare minimum of 300 square feet be allocated for each proposed student in a learning institution within the Commonwealth? If we wouldn't stand for substandard conditions for our kids then why is it ok to subject "these kids" to these same substandard conditions? If the developer REALLY cared for the well being of the students they would not be attempting to herd them like cattle. Do you not agree?

The developer and school officials also made the following FALSE statements which I'd like to bring to your attention:

WITH REGARDS TO ALLEVIATE TRAFFIC CONCERNS

a: "False Comment Made": The students WILL be required / mandated to take public transportation. And the school officials will stand outside of the school in the morning to "enforce" these policies, as well as standing outside after school "enforcing" a NO Loitering policy.

"FACT". Neither school officials NOR developer can "enforce" such matters as it will be an infringement of students freedoms and rights.

b: "False Comment Made": A majority of the students will be "allowed to leave an hour early" thus lessening the impact on traffic and interaction with other younger students at Holy Name School just up the street.

"FACT". If we were to enact this crazy idea then we would in effect be robbing our students of their valuable education. An hour each day translates to 5 hrs per week, or 20 hrs per month. In the course of the full school year these kids would have LOST about a full month of their education. What parent would concede to such crazy intellect?

Consider if you will... When we have a snow day, we also require that the kids make up for the lost time. As responsible adults it is up to us to ensure that every child gets a chance at a quality education.

<b>Message</b>	Hi there,

I am opposed to this project as a neighbor who lives directly across from the proposed site. My husband and I both work in public high schools and have a deep understanding of the impact a school can have on a neighborhood. One of the reasons that we are opposed to the project is the number of people who will be served in the small physical space. I worry about the impact on traffic with the big addition of cars, foot traffic, and additional mbta usage (already packed!).

Another concern is related to outdoor space for the students who attend the school. It seems that there are plenty of bigger lots available for a project such as this, and I wonder why another location is not considered deeper.

As a public school employee, I wonder why more resources and funding are not going to Boston Public schools to serve the community as a whole. I am opposed to the charter school system.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

Tammy Donovan &lt;tammy.donovan@boston.gov&gt;

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

RE: OUR ENTIRE NEIGHBORHOOD OPPOSES 361 BELGRADE LOCATION- ROXBURY PREP

In regards to the supporters using the "fair-mindedness-"THE OPPOSERS BEING NON-FAIR MINDED ARGUMENT:"

- 1)  
\*THIS IS ALL RUBBISH-THIS IS ALL BASED ON ASSUMPTION AND NOT ON FACT AND the supporters HAVE NO EVIDENCE, NO PROOF, NOR ANY FACTS either INDIRECTLY or DIRECTLY TO SUPPORT THESE CLAIMS AND ALLEGATIONS.
- 2)  
IT'S ALSO VERY DISINGENUOUS AND MISLEADING FOR THE SUPPORT TO USE THIS..AND BE ALLOWED TO USE THIS AS A PR TACTIC.  
JUST RICH, OUT-OF-STATE CORPORATE DEVELOPERS WHO HAVE NO REGARD FOR THE COMMUNITY OR THE NEIGHBORHOOD.
- 3)  
THEY DON'T KNOW THE PEOPLE FROM AROUND HERE AND THE NEIGHBORHOOD AND SOME MOVED HERE FROM OUT OF STATE AND HAVE LIVED HERE FOR LESS THAN A DECADE...AND DON'T UNDERSTAND THE NEGATIVE IMPACT BUILDING 361 BELGRADE WILL HAVE.
- 4)  
MORE THAN HALF IF NOT MORE OF THE 'SUPPORT' ARE FROM 'OUT OF STATE'/NY/CALIFORNIA and also are MINORS/STUDENTS WITH NO RESIDENCE IN THE AREA.
- 5)  
THE TRAFFIC WAS BAD AT THAT INTERSECTION 40 YRS AGO AS WELL AND WILL BE EVEN WORSE IF THE SCHOOL IS ALLOWED TO OPEN THERE.
- 6)  
KIDS GOING TO THE SCHOOL WILL BE PARKING IN THE SURROUNDING NEIGHBORHOODS ALSO. IT'S A LIE THAT THEY'LL "PROMISE/SIGN AGREEMENT" NOT TO DRIVE.

YOURS TRULY,  
THOMAS ROWLEY  
33 CLEMENT AVE-immmediate long-term neighborhood resident

Dear Ms. Donovan:

I attended the January 30, 2019 BPDA public meeting on the 361 Roxbury Prep High School project. Like many there, I never signed in at the meeting; however, as an attendee I voiced some of my concerns about the project. My questions were not adequately addressed and I would like to address these and other outstanding concerns here. Overall, I am concerned about the enormity of this project, which will negatively impact local traffic, transportation, and parking. I am an active community member: I volunteer in the community and I shop in the community. Anawan, Belgrade, and the West Roxbury Parkway are important roadways for my work commute as well as my activities in the community. These major streets, as well as nearby secondary roads, will be adversely affected by this project.

Since the Project proponents could not do a thorough study of the streets in the area it is my duty as a resident to provide information to you. The project is on Belgrade and is bordered by the West Roxbury Parkway and Anawan Ave; Anawan is being co-opted as a drop off and driveway for the project; and West Roxbury Parkway forms a triangle with Belgrade and Anawan. Belgrade and Anawan provide important routes to traverse safely across or onto the West Roxbury Parkway. West Roxbury Parkway is a major commuting route from West Roxbury, Roslindale, Hyde Park, Dedham, etc, to Boston, Newton, Brookline, etc. Changing the flow of traffic on these streets will impact the area tremendously leading to gridlock, and increasing traffic in local neighborhoods as commuters frantically search for ways to get around the gridlock.

This project not only brings a large number of commuters to the area, it is a school. School hours dictate a strict schedule. Although there may be more scatter at the end of some days due to after school activities, local roadways, transportation systems, and sidewalks will have to accommodate the en masse movement of 625 or so people (students and staff) at set times of arrival and dismissal, which correspond to peak traffic times. As a person who works across from a BPS public high school (that is well serviced by MBTA buses and green/orange line trains), I can tell you that the rush of cars dropping off/picking up students combined with MBTA buses creates an unbelievably chaotic situation. After school and special events are even worse, as public transportation isn't always an option.

At the meeting, I questioned the Project organizers about the mass movement of commuters at the school. According to the project's projection 75% of the students (about 420) will be taking the local buses. And according to Roxbury Prep school literature "Roxbury Prep Roslindale will be located just a few hundred feet from the Bellevue Commuter Rail stop, and will be within yards of bus lines 35, 36, 37 and 38." Note: three of these lines use the same bus stops on Belgrade and the 38 uses a stop on Belgrade and the West Roxbury parkway. Unfortunately the closest, or "yards away" stops are all on the other side of the West Roxbury Parkway from this project. When I asked about this at the meeting I was told that students will likely use other stops (rather than these closest stops). However, the literature about the Roslindale Roxbury Prep High School project indicates that two bus monitors will be present at the closest bus stops on the far side of the West Roxbury Parkway. At some point, even the project proponents considered that use of these closest bus

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

they say they have 600 for the project most are from the school.students will take cars to work and the functions that they will have and will park their cars any were they see fit.the meeting was setup with short notice and knowing they had planed this for weeks.I know that are other areas to put this school with lots of space for outdoor activity space .It was one sided meeting letting the ones for the school talk as long as they want while we we told to move on to the next persons.The parents and the students should not be part of the count in favor for school its all to do with the neighbors being impacted.we should receive information on every that take to build this school,blueprints drop off plan ,parking.they showed us fifty places the seek out property,we should get that also.they will build a fourth floor once school is establish.I also think everyone should be check with license and address they say they live I think you will fine some live in other towns.

Dennis Orthman

**Address**[73 Anawan Ave. West Roxbury 02132](#)**Email**[dennisorthman@gmail.com](mailto:dennisorthman@gmail.com)**Message**

I am opposed to the [361 Belgrade Ave](#) project for a number of reasons but there are three major points I would like to emphasize:

First, LOCATION. I believe that this location is an unsafe location for an institution that would daily generate up to 1000 individual visits of students, faculty, parents, and others. With speeding trains on one side and speeding cars on another side, this is not a safe site for our children. This small facility that does even come close to meeting the state standards for square footage allowance per student.

Second, DAILY VOLUME. The volume of daily activity with a school at this site would be "off the charts" compared to anything else we have in our residential community. For example, Holy Name School has about 200 students coming and going each day. Both Roxbury Latin and CM have about 300 students coming and going each day. The proposed school for Belgrade Ave calls for almost 600 students, plus faculty coming and going each day. That is three times the Holy Name School volume and two times the Roxbury Latin/CM volume of daily activity. Our neighborhood is already a complete and unsafe bottleneck of traffic each morning and afternoon. This additional volume of this magnitude would quickly make the daily situation unbearable in the surrounding area.

Thirdly, THE PROCESS. I believe this public process is a complete mis-fit for a proposed school. The BPDA review process is designed to be used to address apartment buildings, condos, and other real estate developments. This is not an apartment building and it should not be thought of as some real estate deal – it is a high school full of our kids. I believe a school is a valued community resource that requires a robust, very public, and strategic site-planning process that assesses many locations for factors such as access, safety, cost, sustainability, utilization, and community impact. No other community or town surrounding the Parkway area would allow a large high school to be sited based on the BPDA's profit-driven, developer-centric process that is driven by the availability of real estate and the needs of the institution, while ignoring the needs of the community and the taxpayers. Whether it is a public school or charter school, the taxpayers are paying for it and we want our voices heard.

I encourage the school officials to seek a better site and I encourage Mayor Walsh and the BPDA to reject the proposal that would damage our community for decades to come. Thank you.

Tammy Donovan &lt;tammy.donovan@boston.gov&gt;

<b>Message</b>	<p>IN ADDITION TO THE STANDARD CONCERN LETTER SHOWN BELOW I WISH TO EMPHASIZE THE INAPPROPRIATENESS OF THE RP SCHOOL PROJECT ON THE BASIS OF ITS CLOSE PROXIMITY TO KEOLIS COMMUTER RAIL (I.E., THE BELLEVIEW TRAIN STOP).</p> <p>Is anyone aware that a teenage boy was killed in the late afternoon/early evening hours in June 2008 while he walked the train tracks with his earphones on? He was a Roslindale resident named Nicholas Scaringello (sp?). I had the tragic experience of witnessing his remains on the asphalt in front of the covered benches at that train stop.</p> <p>Nothing I have seen thus far about the RP development addresses the risks and concerns of abutting a heavily used commuter rail train line. Furthermore, the Belleview stop is the only train stop on the Needham Heights line where there is an unguarded access point where a person must cross the actual train tracks (from the Belgrade Avenue side) in order to board the trains correctly (i.e., inbound trains - must board on the left side of the train; outbound trains - must board from the right side of the train). I use commuter rail at the stop five days a week and I can tell you that passengers run to beat the train as it approaches in the morning on inbound runs. That means they literally must cross the tracks in front of the oncoming train. I and my fellow passengers always shout to the latecomers not to chance crossing the tracks.</p> <p>Why would anyone in his or her right mind want to place a high density educational facility right next to an unguarded train station? On this ground alone the project should be scuttled and a more suitable location, such as the site of the West Roxbury High School on VFW Parkway, where the possibility of a new train stop on the same Needham Heights line could be added, similar to the way the Yawkey train station was added to the Worcester/Framingham train lines which pass right next to Fenway Park.</p> <p><b>PLEASE TAKE THIS ASPECT OF THE PROJECT WITH EXTREME URGENCY.</b> =====</p> <p>I am among the hundreds of neighbors of <a href="#">361 Belgrade Avenue, Roslindale</a>, who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.</p> <p>I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. <b>Message</b>	<p>To whom it may concern:</p> <p>I am among the hundreds of immediate neighbors of <a href="#">361 Belgrade Avenue, Roslindale</a>, who oppose the construction of a facility at that location that will accommodate 500+ individuals.</p> <p>After attending the meeting tonight at the church on the VFW Parkway to discuss the changes made to the original proposal I am even MORE discouraged about this project as proposed.</p> <p>What should have been a meeting to discuss specific concerns and have important questions answered, was allowed to turn into a "pep rally" of sorts by people just giving speeches and stating their support of the school. This drastically cut into time which could have been used to discuss the very real concerns of those on the fence about or opposed to the project, and hopefully provide some concrete answers.</p> <p>I was even more shocked to hear over and over again from the school representatives/builders etc., "...we are looking into that...", "...we are still trying to figure that out...", "...We don't know exactly how many/much/long...", "...we are in discussions with...", specifically in regards to actual transportation plans to accommodate the influx of 100s of students by rail and bus on a daily basis. Just because a "reverse commute" sounds great and you really hope it works, doesn't mean it will. You can't just "add stops" to a timed train schedule (one of the "we're in discussions with MBTA" ) without a severe ripple effect on every stop following (coming or going). There was no representative from the MBTA nor any commitment from them, indicating that they are willing to do this, or that current schedules of rail and buses could even handle this load.</p> <p>I really hoped the builders/school reps. would have provided some real answers and solutions at this meeting instead of just presenting a scaled down version of the school and telling us they "listened to the community". After all this time they should have had solid answers for the surrounding neighbors to address our concerns and the did not! I think the school is doing great things for the students, unfortunately it is just in the wrong location for the project.</p> <p>I would hope that the BPDA will seriously consider how many REAL unknowns and unresolved questions still remain about this project, and not allow it to move forward.</p> <p>Thank you, Martha Echan <a href="#">94 Beech St., Roslindale</a></p>

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I did attend this evenings meeting and fail to believe the traffic study that was presented. That area is so congested now. Another apartment/condo will be built on the other corner of Belgrade...More apartments are planned for the neighborhood. Only 100 of the students will be from the neighborhood.

I do understand that they want to unite the campus and have scaled back their original plan, but that's a terrible spot for another school.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood. I fail to believe that this is responsible. The police station, circle rotary, Holy Name School, the terribly congested West Roxbury Parkway...The smaller bridge down now to one lane congestion leading to the rotary...What more!!!

We urge you to oppose the plans to build s high school st [361 Belgrade Avenue, West Roxbury](#) . The negative impact this plan will have on traffic in an already congested neighborhood is of great concern. This space would be better served by a smaller project that would offer affordable housing to seniors who want or need to downsize, while remaining in West Roxbury. We are among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

We support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when the considering the neighboring developments already approved by the BPDA.

We agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

We appeal to you for the responsible urban planning and development of our neighborhood.

Hi Tammy;

Regarding the Roxbury Prep situation. The folks claim that they want their students to be able to "eat lunch in a cafeteria, not in their classrooms". Which I understand. But what I don't understand is that the City of Boston has so much unused property / buildings which could serve to rectify the Roxbury Prep matter. For instance:

a: W. Roxbury High School. (from my understanding is only half utilized , and slated to close due to "not enough kids available to justify massive space". This location has been used as a high school for over 40 yrs. The location is within walking distance to T stop and commuter rail. Also, would NOT impact residential neighborhood in any way (2 lane road each way) due to location. AND has ample space for school buses and faculty parking. It would be far cheaper for developer to renovate the facility and thus solve the "where can we place these kids where they can obtain an education in a proper environment"...

b: Hyde Park High School is yet another location. All of the above applies to this location as well.

c: Look at all the available city owned property in Readville too.

Worth noting is the fact that every few yrs a kid playing on the commuter rail tracks is struck and killed right where the developer (Upton) wants to build this school. This is an accident (hundreds of kids brought here) waiting to happen. Who will take the blame when a train hits and kills one of them?

AND in the immediate vicinity (3 mile radius) are the Mozart School, The Beethoven School, The Holy Name School, and yet another school atop Washington and Beech st... All within intersections where the traffic lights serve as choke points for snarled traffic in the morning, afternoon, and evenings when after school activities are had. Please keep the aforementioned concerns in mind when contemplating this matter.

Kind Regards

John Kalaitzidis

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

My concerns regarding overcrowding, parking issues, commuting, traffic and safety issues remain for this location and revised project. The planners are still proposing a large number of individuals (nearly 70% of their original proposal) use this small space. I believe that the health and wellbeing of the students would be better served at a location that is not so crowded (current plan is for approximately 46% less building than the original plan with 70% of the student population meaning the school has a greater student density than the previous plan!!). Furthermore, by choosing this location the developers are missing an opportunity to find a space with outdoor recreational space that can be used to foster recreational and team activities.

Commuting and traffic are definitely concerns, especially in the Bellevue Hill area which will be affected by the use of Anawan Ave as a drop off. The Anawan and West Roxbury parkway/(leading to Belgrade ) intersection is a major egress and entrance to the Bellevue Hill neighborhood due to the location of a traffic signal. Anawan and surrounding streets in this neighborhood will be adversely affected by the increased car and pedestrian traffic in this busy area. (This includes use of bus stops adjacent to the Parkway and an increase in pedestrian traffic crossing the Parkway--events that will back up traffic and pose safety risks. And even more of a problem will be the illegal drop offs directly on the Parkway where it abuts the school site). At issue is the cumulative effect of 600 additional commuters to such a busy area. Note that recent West Roxbury Parkway construction resulted in cars speeding through the Bellevue Hill neighborhood and an overall increase in vehicular traffic as the neighborhood became a cut through for commuters. A school at [361 Belgrade Avenue](#) will without a doubt intensify traffic issues on nearby residential streets.

I appeal to you for the responsible urban planning and development of our neighborhood. I hope that you will support us in our opposition to this project. I support development at this site that improves our area by providing more goods and services to the local community.

Thank you for your attention to this matter.

Tammy Donovan &lt;tammy.donovan@boston.gov&gt;

I am among the hundreds of neighbors of [361 Belgrade Avenue, Roslindale](#), who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

The intersection of the Parkway and Belgrade Ave has been a nightmare for years for both morning and afternoon/evening traffic. The addition of a school and the 600 students attending will in my mind create a serious threat to traffic safety for both the students and the thousands of vehicles using the intersection daily. Additionally I am sure it will force commuters in vehicles to seek alternative side street routes in the surrounding neighborhoods which are already over used during the morning and evening rush hour. Many of these commuters are currently exceeding speed limits as they rush to and from work and the added traffic in the neighborhoods will also present an added danger to the residents.

Isn't the West Roxbury HS complex a site worth exploring?

RE: Roxbury Prep OPPOSITION

=====

VERY IMPORTANT ISSUE -

\*\*\*\*\*I, AS WELL AS COUNTLESS OTHERS IN OPPOSITION OF THE PROJECT ARE VERY CONCERNED ABOUT THIS. (We heard that there were approximately 1600 letters submitted for approval).

=====

\*As far as the support/opposition BPDA process is concerned, BOTH STUDENTS AND MINORS SHOULD NOT BE ALLOWED TO SUBMIT VOTES/LETTERS FOR APPROVAL.

#1) HOW WOULD SOME KID KNOW ABOUT THE NEGATIVE IMPACT THE BUILDING OF THE SCHOOL WOULD HAVE ON THE NEIGHBORHOOD...

AND

#2) HOW WOULD SOME KID KNOW WHAT'S BEST AND IN THE BEST INTEREST FOR THE NEIGHBORHOOD AND LOCATION?

\*\*\* IS/DOES THE BPDA INTEND TO:

#3) GENUINELY VERIFY EVERY, SINGLE LETTER/SUBMISSION SUBMITTED IN SUPPORT...??.

and

#4)... THE ACTUAL SOURCE IT CAME FROM I WONDER?

#5) There is also the possibility of FAKE LETTERS SUBMITTED FOR APPROVAL as well. (in same type of manner as voter fraud has occurred in the past with absentee ballots using dead/deceased people's info/names to vote).

\*\*THE PROPONANTS OF BUILDING THE SCHOOL WERE, WITHOUT PERMISSION and UNDER FALSE PRETENSES, DISTRIBUTING FLYERS THIS PAST WINTER WITH THE "GBANA"(Greater Belgrade Ave Neighborhood Association) LOGO to SUPPORT THEIR AGENDA FOR BUILDING THE SCHOOL WHICH WAS DISCOVERED AND FOUND OUT AFTER THE FACT.

THE GBANA group is AGAINST/OPPOSED to the school being built at 361 Belgrade.

=====

\*\*\*\*\*THOSE HIGH SUPPORT NUMBERS CONSIST ALMOST ENTIRELY OF STUDENTS AND MINORS WHO DON'T EVEN OWN OR HAVE A RESIDENCE LOCALLY, AND ALSO THOSE WHO LIVE ON OPPOSITE SIDES/SECTIONS OF THE CITY AND DON'T EVEN HAVE A RESIDENCE LOCALLY OR EVEN IN WEST ROXBURY AND ROSLINDALE.

FINALLY, THE OPPOSITION OF THE PROJECT IS SUPPORTED BY CLEARLY, ARTICULATED FACTS AND LOGISTICS AS TO THE MULTIPLE REASONS A MILE LONG AS TO WHY IT SHOULD/NEEDS TO BE DISAPPROVED FOR THE 361 BELGRADE AVE LOCATION.

[It shouldn't be allowed to be supported by student reasons such as 'wanting a bigger cafeteria', etc etc. That has nothing to do with the SALIENT ASPECTS as to why it needs to be DISAPPROVED ).

Sincerely,

TOM ROWLEY

I oppose the 361 Belgrade Project. I support development of this site as desperately needed housing options for our neighborhood seniors, empty nesters and young couples.

I and many of my neighbors oppose this project, not because of its intent, but because of the numerous negative issues it will bring. Those have been discussed many times over and need not be repeated here.

Outside interests have funded a high priced campaign complete with sophisticated public relations tactics and highly paid political lobbyist, in an attempt to impose this project on our community for the financial benefit of a suburban millionaire landowner and corporate interests masquerading as non-profit educational organizations.

Our community streets in the immediate proximity to this site, and throughout West Roxbury and Roslindale, are already besieged with high traffic volumes exacerbated by suburbanites using our streets as alternative routes into downtown. The Needham commuter rail line, which has been cited as main method of transport for this project, is among the most frequently delayed and most crowded in the system. The bus capacity struggles with heavy traffic as well, impacting on-time performance and service quality.

However, the most troubling part of this process to me is the behavior of the applicant. They have not exhibited good faith in dealing with the community and immediate neighborhood. After shifting commitments on financing and other conflicting information, they only now have submitted formal plans for review.

They would like everyone to view their submission as a "compromise" and "response to community concerns", when in fact they employed the typical developer ploy of floating initial proposals that are in flagrant violation of what the site can accommodate, only to pull them back to make them less egregious by comparison in an attempt to slide past serious issues.

I ask this board to reject the applicant's proposal and press the landlord for viable housing proposals on this site.

I learned yesterday that Roxbury Prep/Uncommon Schools has filed their revised project at the site of [269 Belgrade Ave](#) with the BPDA and am writing to oppose this project.

The project team continues to hide information from the community and misrepresent their intents. The recently requested a meeting with the neighborhood association to start a renewed dialog and agreed to share information which they now refuse to provide and misrepresented the meeting agenda with the BPDA project manager.

As of Monday evening Uncommon Schools was unable to share how they will even run the school.

Even their new plans call for redeveloping sections of the lot that was deeded by the DCR to the property owner which is prohibited by law.

We hope you will join the neighbors and prevent this project from moving forward.

<b>Message</b>	To whom it may concern,

I am writing to formally oppose the plans for a new Roxbury Prep High School at [361 Belgrade Avenue, Roslindale](#).

It is my understanding that they have officially filed plans with the BPDA to move forward. This was done without consulting with the abutters and community at large, who have been strongly opposed to this project from the start. Roxbury Prep held a private meeting with four board members of GBANA the community group of the abutting neighborhood) on the evening of January 7th to show revised building plans, but it was made clear from the start that this in no way should be seen as approval of the project by the GBANA board, it's members, or the surrounding community.

Prior to this, months have gone by and Roxbury Prep has failed to provide any verified answers to the many questions raised about the original plans, let alone share revised plans for the project with the neighborhoods surrounding the site. This is a violation of good faith by Roxbury Prep and the builders, and shows their total disregard for the neighborhood residents and their genuine concerns over impact of such a large project at this location. They continue to discount our concerns as baseless. The project team continues to be evasive and non-transparent, and as early as yesterday have been untruthful about when they intended to file.

I don't believe this site is good for a school of any size and certainly not for one whose management deals in such secrecy and underhanded tactics to serve their own purposes. That is not the kind of neighbor I want.

Sincerely,  
Martha Echan

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

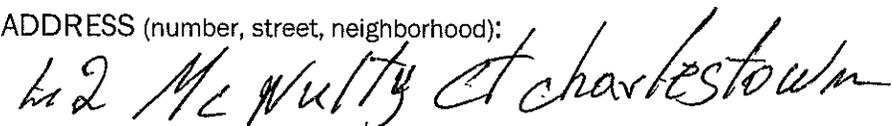

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME:

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Rachel Wilken

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

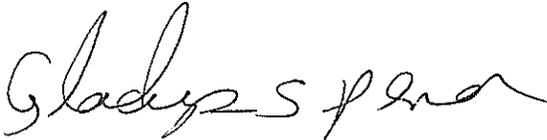

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

Boston, MA 02201

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Nikhil Bhatia

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

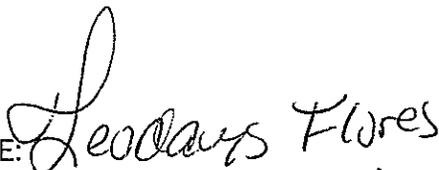

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

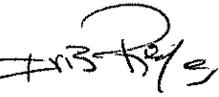

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

*Rosa M. Ortiz A*

*163 West Selden St HATTAPAN 02126 MA*

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: *Lucretia Pettaway*

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Sarah", followed by a long horizontal line that extends to the right and then loops back to the left, crossing over itself.

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME:

ADDRESS (number, street, neighborhood):

**RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue**

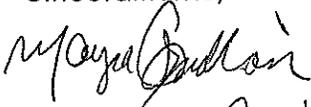

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

  
Maya Brollon

**RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave**

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: *Jorge Mercado*

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

Attention: Aisling Kerr

Dear Aisling,

We are aware that the comment period has ended for the Roxbury Prep Belgrade Avenue LLC proposal. However, we collected a few comments from audience members at the Bellevue Hill Improvement/GBANA /West Roxbury Civic and Improvement Association meeting last Thursday evening. Those comments are included here for your information.

Thank you.

**Comments:** This is not an area

that can support a school  
structure with its limited space  
for parking and public transportation  
issues eg buses, traffic delays through

Roxindale Square to Forest Hills etc., West Roxbury,

Roxindale etc.) also have a large elderly population  
that need a facility when our independence  
is limited. There are many more appropriate  
areas throughout Boston. Thank you!

**Opinion (circle one):**

**Support**

**Oppose**

**Comments:** I oppose the planned construction  
of a school at the property numbered  
361 Belgrade Ave. The addition of a school is an  
unfair burden to the students as well as the  
neighbors. The addition of a school without  
proper facilities (ie outdoor field) is definitely  
unwelcomed. Use of nearby fields, fields  
that are commonly acknowledged to be in overuse, (over)

**Comments:** I work at 399 Belgrade - there is

proposed development across the street <sup>(not sure what is going to go there)</sup>  
as well as Rox Prep on the opposite corner

I see accidents there quite often - it is  
a very dangerous intersection. The

traffic is bad now - I believe it will  
adversely affect the neighborhood.

**Opinion (circle one):**

**Support**

**Oppose**

**Comments:** I believe the location is

too small for a school of any size.

There has not been a comprehensive plan

disclosed or a traffic study done at

peak hours of flow. No transparency

for 3 years.

Comments: ① Charter school owned by "3" Not a

C of B school so it is not W.R. school for W.R. students.

② I sent opposition letter outlining my concerns to Mayor's Office - office of MOW SD - Boston Pla+Devel Agency, all BCCouncillors, MA State Senator, MA state App for West Roxbury in Feb. 2019. Spoke personally ~~\* 1 persons office~~ Only heard from 1 CC, Annissa E. George

③ I am disappointed in the look of new W.R. developments. they sit on the sidewalk & have closed the sidewalks during construction - forcing pedestrians to walk on the street !!! ?? safety

Comments: Unsafe for the kids

more of a box than a school

I can't imagine building a school

that looks + is like a box, with no  
fields, etc. + in such an unsafe

place. Traffic, congestion, commuter  
rail all around them.

**Comments:**

Not an appropriate site for a school. Too

much traffic - both in cars & on foot.

Lack of honesty & transparency from the

developers. General concern about

Charter schools & impact on public schools

**Comments:** Recently we witnessed

an adult male cross under

the train to catch it in the

morning commute, <sup>on March 8, 2019</sup> at the Bellevue

station. This spot is a danger

to adults, much less an additional

few hundred teenagers. This is not

a location for a school of any size!
