

PLAN: East Boston

Preserve. Enhance. Grow.

PLAN: East Boston is a neighborhood-wide planning initiative in East Boston. Guided by Imagine Boston 2030, the planning process will build on earlier planning initiatives and will assess their stated goals for East Boston. The process will update the East Boston Master Plan (2000) and will produce a framework to predictably shape the future of East Boston, and identify opportunities to preserve, enhance, and grow.

Agenda - 2019 01 22

6:30 – 6:45 Planning Team and Advisory Group Member Introductions
