Supplementary Schedule of Revenue and Expenses of Loan and Non-Loan Programs | 17 |
Independent Auditors’ Report

To the Board of Directors of
Boston Local Development Corporation

We have audited the accompanying financial statements of Boston Local Development Corporation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Boston Local Development Corporation as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of revenue and expenses of loan and non-loan programs on page 17 is presented for purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Cash - beginning of year: 3,494,418 2,926,948
Cash - end of year: $3,766,324 $3,494,418

See accompanying notes to financial statements.
1. **Operations**

Boston Local Development Corporation (BLDC) is a nonprofit corporation, established to benefit the community by fostering increased employment opportunities and expansion of business and industry for the citizens of the City of Boston. BLDC accomplishes this by providing long-term financing to firms and companies located in the City of Boston, Massachusetts. BLDC’s other programs, funded primarily through contributions; include the Read and Write Boston Programs, which help children within the City of Boston learn to read and write, the Earned Income Tax Credit (EITC) program, which helps low-income City of Boston residents take advantage of the Federal EITC, and the Financial Opportunity Center (FOC) program, which provides financial services to low to moderate income residents. BLDC also has three grant programs that help City of Boston residents purchase their homes (Note 5).

2. **Summary of Significant Accounting Policies**

   **Basis of Accounting** - BLDC prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

   **Revenue and Expense Recognition** - BLDC recognizes interest income from revolving loans and bank accounts when earned, and from fees charged to private firms and companies when the fees are earned. Grant funds received from exchange transactions are recorded as deferred income on the statement of financial position until earned. Grant revenue is recognized on the statement of activities as loans are initially issued from these funds and when program expenses are incurred. Expenses are recognized when goods or services are received.

   BLDC classifies its net assets, revenues and expenses into two classes of net assets - temporarily restricted and unrestricted, based on the existence or absence of donor-imposed restrictions on contributions received. Contributions are recognized as revenue in the period received or unconditionally pledged. Temporarily restricted contributions received where related restrictions are met in the same reporting period are classified as unrestricted revenue on the statement of activities. All other restricted contributions received are classified as such on the statement of activities. Temporarily restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions.

   **Contributed Services** - BLDC recognizes the fair value of contributed services received if such services create or enhance nonfinancial assets or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not contributed. BLDC receives services from a large number of volunteers who give significant amounts of their time to BLDC’s programs and fund-raising campaigns, which do not meet the criteria for financial statement recognition.

   **Functional Allocation of Expenses** - The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.
2. **Summary of Significant Accounting Policies - Continued**

**Accounts Receivable** - Accounts receivable are presented net of allowance for uncollectible accounts. BLDC’s evaluation of the adequacy of the reserve is based on past due or delinquent receivables. Accounts receivable are charged off when deemed uncollectible.

**Loans Receivable** - Loans receivable are recorded at unpaid principal balance less an allowance for uncollectible loans. Past due status is determined based on contractual terms. Loans are considered impaired if full principal or interest payments are not anticipated in accordance with the contractual terms. Potential loan losses are reserved when management determines that a borrower is in an extremely negative financial position, and is unlikely to repay the loan. Loans are written off against this reserve when the borrower enters bankruptcy and/or BLDC has no collateral, or the collateral is deemed worthless. Recoveries of loans that were written off in previous years are recorded as income in the year received.

Loans are placed on nonaccrual status when management believes, after considering economic conditions, business conditions, and collection efforts that the loans are impaired or collection of interest is doubtful. Uncollected interest previously accrued is charged off or an allowance is established for this accrual. Interest income on nonaccrual loans is recognized only to the extent cash payments are received.

**Income Taxes** - BLDC is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is exempt from state income taxes under Chapter 180 of the Massachusetts General Laws. Unrelated business income, of which there was none for the fiscal years ended June 30, 2016 and 2015, would be subject to Federal and state income taxes. Consequently, the accompanying financial statements do not reflect any provision for income taxes.

BLDC evaluates the tax positions taken or expected to be taken in their tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold, along with accrued interest and penalties thereon, would be recorded as an expense in the current year financial statements. BLDC has evaluated the tax positions taken in its previously filed returns and those expected to be taken in its fiscal year 2016 returns and believe they are more-likely-than-not of being sustained if examined by Federal or state tax authorities. BLDC’s fiscal years 2013 through 2015 tax years remain subject to examination by Federal and state tax authorities.

**Estimates and Assumptions** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
3. **Loans Receivable**

Outstanding balances of loans receivable are as follows (the interest rate is noted in parentheses):

4. **Investments**

Investments at June 30, 2016 consist of a $25,000 certificate of deposit at One United Bank. This certificate has a 0.9% interest rate at June 30, 2016 and will mature in March 2017. Investments at June 30, 2015 consist of a $25,000 certificate of deposit at One United Bank. This certificate has a 0.9% interest rate at June 30, 2015 and matured in March 2016.

5. **Program Activity**

Revolving loan programs include the following:

- Grant proceeds received through the Economic Development and Industrial Corporation (EDIC)/Boston (Note 7) under a revolving loan fund contract with the Economic Development Administration (EDA).

  The purpose of this contract is to establish a revolving loan fund to encourage public and private investment in Boston’s industrial and commercial enterprises through long-term low interest loans.

- Grant proceeds totaling approximately $1 million under a contract with the City of Boston’s Department of Neighborhood Development (DND).

  The purpose of this contract is to establish a revolving loan fund for Boston based small businesses. Loan funds issued under this program are restricted to eligible economic development activities under the U.S. Department of Housing and Urban Development (HUD) Title I Program.

- Grant proceeds from DND totaling $200,000 under BLDC’s Create Boston Program.

  This loan fund is geared specifically toward providing financial assistance to creative businesses and individuals and will be used in conjunction with existing Boston Redevelopment Authority programs.

- Grant proceeds from DND totaling $500,000 under BLDC’s Life Tech Finance Program.

  This finance program is focused on helping Boston’s biotech and life science sectors. The program is designed to attract, retain, support and strengthen biotechnology, pharmaceutical, medical devices and other related industries. This program also awards grants to BLDC loan recipients to be used to pay interest within the first two years of the loans.
5. **Program Activity - Continued**

- Grant proceeds from DND totaling $500,000 under BLDC’s New Boston Jobs Creation Program.

The purpose of this fund is to provide loans to small businesses in Boston that have either a history of and/or a demonstrable potential for job creation. The intent of the program is to create new opportunities for small businesses in Boston as well as unemployed Boston residents. Qualified borrowers will receive the loan and pay interest only for a period of two years. During that period, the borrower will receive upon each new Boston resident hire completing one year of employment, a grant of $2,000. An additional $2,000 will be converted to a grant once the employee has completed two years of continuous service. The grant(s) amount will be deducted from the outstanding principal on an annual basis on the employee’s anniversary date of hire. The maximum allowable write down is $4,000 per new Boston resident employee. If upon the second anniversary of the loan the business has not created a target job, the loan will convert from an interest only loan to amortization debt with a five year payout. Deferred revenue for this program at June 30, 2016 and 2015 totaled $0 and $93,631, respectively.

An agreement between BLDC and DND allows BLDC to utilize twenty percent of each of the above programs’ original amount of funding, plus up to twenty percent of each programs’ annual program income to support the direct costs of maintaining the respective loan portfolios.

BLDC has three non-loan programs administered by DND under the **Boston Home Certificate Initiative**:

- The Boston Home Ownership Preservation Fund is a pool of resources provided by partner organizations and institutions that complement City of Boston resources dedicated exclusively to support various technical financial services to help Boston homeowners avoid losing their homes to foreclosure. The City of Boston provided BLDC a grant funding this program startup. This program is also supported by private contributions (Note 7).

- The Three Decker Plus Pilot Initiative Program (Triple-Deck) was implemented to provide financial assistance to eligible first-time homebuyers of three-unit residential properties located in Boston that do not require significant rehabilitation.

- The CreditSmart Boston Initiative is a program focused on helping Boston’s low to moderate income consumers build and maintain good credit that will help them become qualified homebuyers. Deferred revenue for this program at June 30, 2016 and 2015 totaled $30,000.
6. **Temporarily Restricted Net Assets**

Temporarily restricted net assets at June 30, 2016 and 2015, and related revenue and expense activity under these programs for the years then ended are as follows:

7. **Concentration of Credit Risk**

**Deposits**

BLDC’s bank accounts are held at a financial institution that is FDIC insured up to the maximum amount of $250,000 per institution. Balances held in these accounts may, at times, exceed this limit. BLDC has not experienced any losses in these accounts, and believes it is not exposed to any significant credit risk on such deposits.

**Loans/Accounts Receivable**

Financial instruments that potentially subject BLDC to credit risk are primarily loans and accounts receivable. Amounts are past due when not paid by the end of the following month. Loans and accounts receivable past due ninety days or more and still accruing finance charges totaled $714,641 and $478,296, respectively, at June 30, 2016 and 2015.

The following tables present informative data on loans and related accounts receivables regarding their age status at June 30, 2016 and 2015:

<table>
<thead>
<tr>
<th>Age Status</th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td>Total receivables</td>
<td>$ 2,738,666</td>
<td>$ 2,963,514</td>
</tr>
</tbody>
</table>

As of June 30, 2016 and 2015, BLDC’s outstanding loan to the Children’s Museum makes up approximately 35% and 32%, respectively, of BLDC’s total loans receivable portfolio.

8. **Subsequent Events**

BLDC has performed an evaluation of subsequent events through March 6, 2017, which is the date BLDC’s financial statements were issued. No material subsequent events have occurred since June 30, 2016 that required recognition or disclosure in the financial statements.
9. **Retirement Plan**

All BLDC contracted employees are eligible to participate in EDIC’s Thrift Savings Plan (the Plan) after three months of service. The Plan is a defined contribution plan and an eligible tax-deferred plan under Internal Revenue Service (IRS) Code Sections 457 and 401(a). The Plan is serviced by The Great-West Life Assurance Company. Participants can contribute one percent (1%) to twenty-five percent (25%) of their taxable compensation on a pre-tax basis, subject to the maximum deferral limits as set by the Internal Revenue Service. BLDC will match the first six percent (6%) of compensation that is contributed by the participant. Participants can also contribute one percent (1%) to fifteen (15%) of their total compensation on an after-tax basis, also subject to a maximum deferral limit, which is inclusive of BLDC’s match amount. Retirement plan expense for the years ending June 30, 2016 and 2015 was approximately $4,800 and $4,900, respectively.

10. **Related Party Transactions**

BLDC contracted employees are paid through EDIC’s payroll system and are covered under EDIC’s fringe benefit policies. These costs, together with administration overhead are billed to BLDC. For the years ended June 30, 2016 and 2015, EDIC provided grants to BLDC totaling $123,132 and $191,372, respectively, to cover operating costs, which are recorded as grant revenue in the statement activities. As of June 30, 2016, BLDC has a payable to EDIC totaling $79,768 for salaries, fringe benefits, and administration overhead, which is included in accounts payable on the balance sheet.

BLDC receives contributions from corporations that support the Earned Income Tax Credit, Read Boston, and Financial Opportunity Center Programs operated by EDIC, the Boston Small Business Exposition operated by the Boston Empowerment Center, and the Main Streets, New Boston Housing, Boston Home Ownership Preservation Fund, HeatWorks, and Don't Borrow Trouble Programs operated by the City of Boston. Solicitation efforts and related fundraising is provided by these respective agencies.
