THIRD AMENDMENT TO DEVELOPMENT PLAN
FOR
PLANNED DEVELOPMENT AREA NO. 46
BRIGHTON LANDING
Dated: June 13, 2013

Pursuant to Section 3-1A and Article 80C of the Zoning Code of the City of Boston (“Zoning Code”), this plan constitutes the Third Amendment to the Development Plan for Planned Development Area No. 46, Brighton Landing (“Third PDA Plan Amendment”).

Reference is made to the Development Plan for Planned Development Area No. 46, Brighton Landing, dated February 25, 1999, approved by the Boston Redevelopment Authority (the “BRA”) on February 25, 1999 and by the Boston Zoning Commission (the “BZC”) on March 24, 1999, which became effective on March 26, 1999 (the “Original PDA Plan”), as amended by a First Amendment to Development Plan for Planned Development Area No. 46, Brighton Landing, dated September 29, 2004, approved by the BRA on December 21, 2004 and by the BZC on January 19, 2005, which became effective on January 19, 2005 (the “First PDA Plan Amendment”), as amended by a Second Amendment to Development Plan for Planned Development Area No. 46, Brighton Landing, dated October 18, 2012, approved by the BRA on October 18, 2012, and by the BZC on November 14, 2012, which became effective on November 16, 2012 (the “Second PDA Plan Amendment”, and together with the First PDA Plan Amendment and the Original PDA Plan, the “Current PDA Plan”). NB Guest Street Associates, LLC, the proponent (the “Proponent”) of this Third PDA Plan Amendment has succeeded to all of the rights and interests of B.V. Development, LLC, the Developer of the Original PDA Plan.

The First PDA Plan Amendment was approved to allow WGBH Educational Foundation (“WGBH”) to add additional adjacent land as a part of Planned Development Area No. 46, and to allow for the development of a new headquarters facility for WGBH (the “WGBH Headquarters”) to be located at One Guest Street in Brighton. The WGBH Headquarters has been developed and is currently occupied by WGBH. The Second PDA Plan Amendment expanded the permissible uses allowed in the South Building and East Building, and it also confirmed that a fitness center may be located on the ground floor of the South Building. A letter has been submitted to the BRA by WGBH in support of this Third PDA Plan Amendment.

The existing Brighton Landing Parking Garage (as defined in the First PDA Plan Amendment) is approximately 420,000 square feet, containing about 1262 accessory and ancillary off-street parking spaces in four stories above grade and on a fifth level on the roof. The Proponent intends to renovate and expand the Brighton Landing Parking Garage in two phases.

This Third PDA Plan Amendment amends the Current PDA Plan to provide zoning for only the first of the two phase expansion and renovation of the Brighton Landing Parking Garage.

Phase 1

This Phase 1, which is the only phase encompassed by this Third PDA Plan Amendment, will result in the existing fifth level on the roof being enclosed and the addition of a new sixth level on the roof comprising up to 90,700 square feet. The new sixth level will accommodate approximately 250 parking spaces. These additional spaces will be used to offset the approximately 250 spaces which will be removed from certain areas of the development approved for Planned Development Area No. 87. Therefore, these additional spaces will be utilized not only to service certain elements of Planned Development Area No. 87, but also uses allowed in Planned Development Area No. 46. The Master Plan for Planned Development Area No. 87 and the Development Plan for the Sports Facility Project within Planned Development Area No. 87, along with one or more of the other approved Development Plans within Planned Development Area No. 87, will be amended during Phase 2 to reflect such removal of 250 spaces.

Attached hereto as Exhibit A is a plan (the "Plan") prepared by Elkus Manfredi, Architects which depicts as Phase 1 what is described in the preceding paragraph regarding Planned Development Area No. 46. The Plan is dated April 3, 2013 and is made a part hereof.

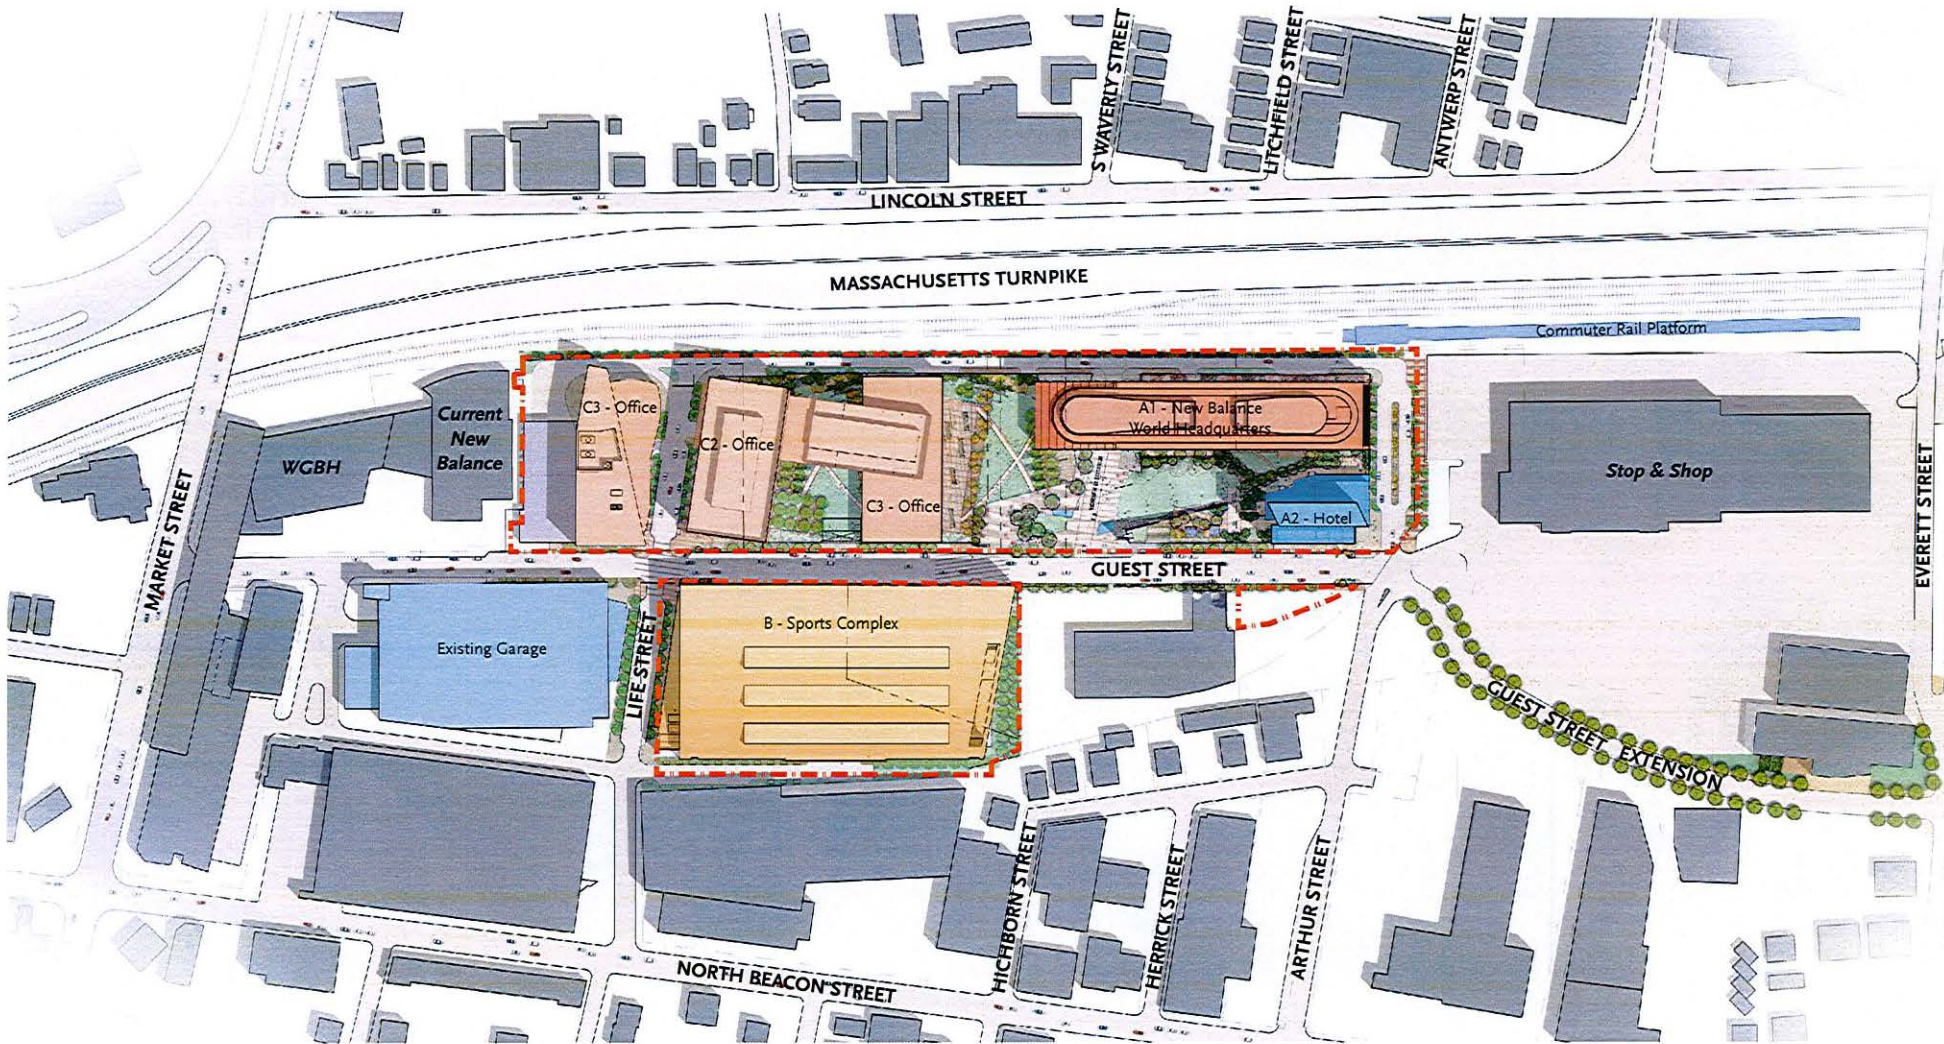

Phase 2

This Phase 2 is not part of this Third PDA Plan Amendment. The Proponent will seek zoning approval at a future time for Phase 2 through a Fourth Amendment to Development Plan for Planned Development Area No. 46 ("Fourth PDA Plan Amendment") but Phase 2 is described here for purposes of context. Phase 2 will entail the construction of a new entrance lobby, two new elevators and the extension of an existing stairwell, all to be located in the northeasterly portion of the Brighton Landing Parking Garage, as well as the extension of two existing stairwells and two existing garage elevator shafts to the new roof deck elevation, and replacing the existing garage elevators with new elevators to service the Brighton Landing Parking Garage. This Phase 2 cannot be initiated until the Public Improvement Commission approves a modification of the layout of Life Street, which will result in the addition of land to Planned Development Area No. 46 necessary to accommodate the improvements contemplated in this Phase 2. The relocated Life Street was conceptually shown as part of the development plans for Planned Development Area No. 87. In addition, the Current PDA Plan, as amended by this Third PDA Plan Amendment, will be amended at a future date, to authorize such land to be added and to allow for Phase 2 to be constructed. Since the relocation of Life Street will also result in a reduction of land in Planned Development Area No. 87, approval of that reduction will be sought through an amendment to the Master for Planned Development Area No. 87. During Phase 2, the Proponent will request that the Master Plan for Planned Development Area No. 87 be amended to reduce the total amount of approved parking by approximately 250 spaces to ensure that no new traffic impacts to the area will result from the addition of approximately 250 spaces to the Brighton Landing Parking Garage.

This Phase 2 will also entail a beautification of the façade of the Brighton Landing Parking Garage which is currently in the preliminary design stage, and will be included as part of a Fourth PDA Plan Amendment.

BRIGHTON LANDING

The Development Plan for Planned Development Area No. 46, Brighton Landing (the "Original PDA Plan"), approved by the BRA on February 25, 1999, approved by the Boston Zoning Commission on March 24, 1999 and which became effective on March 26, 1999, involved the construction of approximately 554,155 square feet of floor area on the northerly side of Guest Street for office, research and development, retail and parking, as well as accessory, ancillary and incidental uses related thereto, and also involved the construction of approximately 520,000 square feet of floor area on the southerly side of Guest Street, approximately 100,000 square feet of which was designated for manufacturing, retail and fitness center use, as well as accessory, ancillary and incidental uses related thereto on the ground floor and basement, and the balance of approximately 420,000 square feet was designated for approximately 1,200 accessory off-street parking spaces.

THE FIRST AMENDMENT (WGBH)

The First Amendment to Development Plan for Planned Development Area No. 46 dated September 29, 2004 (the "First PDA Plan Amendment"), approved by the BRA on December 24, 2004, approved by the Zoning Commission on January 19, 2005, and which became effective on January 19, 2005, involved the expansion of the area encompassed by Planned Development Area No. 46 and the construction of approximately 146,717 square feet of floor area on the northerly and southerly sides of Guest Street, and an above-ground connector connecting the building at One Guest Street with the building at 10 Guest Street, in order to allow the WGBH Educational Foundation to use the West Building (as defined in the Original PDA Plan) and the 146,717 square feet of new space for corporate offices, radio and television studios, and state-of-the art multi-media broadcasting, production and communication facilities (the "First PDA Plan Amendment").

THE SECOND AMENDMENT (MODIFIED USE)

The Second Amendment to Development Plan for Planned Development Area No. 46 approved by the BRA on October 18, 2012, approved by the Zoning Commission on November 14, 2012, and which became effective on November 16, 2012, authorized the East Building (as defined in the Original PDA Plan) to be used for lobby area, restaurant, retail, office, research and development use, service and a clinic (non-institutional, non-hospital use), also authorized the South Building (as defined in the Original PDA Plan) to be used for a clinic (non-institutional, non-hospital use), restaurant, service and office, and confirmed that a fitness facility use is allowed on the ground floor as well as the basement (the "Second PDA Plan Amendment", and

together with the Original PDA Plan and the First PDA Plan Amendment, the "Current PDA Plan").

THE THIRD AMENDMENT (GARAGE ADDITION)

The Third Amendment to Development Plan for Planned Development Area No. 46 (the "Third PDA Plan Amendment") proposes to modify the Current PDA Plan to allow the existing fifth level on the roof of the Brighton Landing parking structure to be enclosed and the addition of a new sixth level on the roof comprising up to 90,700 square feet. The new sixth level will accommodate approximately 250 parking spaces. These additional spaces will be used to offset the approximately 250 spaces which will be removed from certain areas of the development approved for the adjacent Planned Development Area No. 87. Therefore, these additional spaces will be utilized not only to service certain elements of Planned Development Area No. 87, but also uses allowed in Planned Development Area No. 46. Planned Development Area No. 87 will be amended in a forthcoming amendment to reflect such removal of 250 spaces. Approval of the Third PDA Plan Amendment is requested of the BRA pursuant to Article 80C of the Code.
