Kenmore Square (North) Development

Present: Deneen Crosby, Andrea Leers, William Rawn, Kirk Sykes

DISCUSSION: It was noted that this meeting had originally been scheduled the prior week, but that date had to be postponed. The Project team used a digital presentation to outline their studies and the updated Project and answered questions from the BCDC Members present. Updated design studies were presented and discussed. Commissioners liked the modified design for the Beacon building, and made some suggestions regarding the treatment of the Commonwealth building and its top and base. The Project will continue in Committee.
