

The Highland Park Project Review Committee (HPPRC) and the Department of Neighborhood Development (DND) invite you to a COMMUNITY CHARRETTE to review and comment on *HPPRC's and DND's land use recommendations for city vacant land in Highland Park. Please come join us!!!*

The HPPRC and DND have met many times, using community and city input, to define land use recommendations for positive outcomes such as new community open space, gardens, mixed income housing and other uses.

At the charrette HPPRC and DND will have material detailing the city owned parcels and our joint recommendations with action timelines. There will also be a station for the Marcella and Highland Streets parcels that the HPPRC, DND and the Boston Planning and Development Agency have focused on at 2 recent community meetings. We will provide background, answer questions about the process and past meetings and have draft site design and development objectives available.

There will be an opportunity to review and discuss the land use recommendations. We hope you can make the meeting!

TIME: 1:00 PM to 4:00 PM
DATE: March 18, 2017
LOCATION: John A. Shelburne Community Center
2730 Washington Street, Roxbury

If you have any questions, please contact:
John Feuerbach, DND at 617.635-0353 or john.feuerbach@boston.gov
