The Path Forward – 20R Dacia

Plan of Action for The BPDA

• The parcel will be sold through the BPDA’s abutter parcel program.
• After the meeting today, applications will be mailed to all abutters for an opportunity to apply.
• Previous maintenance to the parcel and applications by abutters will be taken into consideration for the sale of the parcel.
626 Warren Street Results
Thoughts Gathered in Community Visioning

- “As much open space or green space as possible”
- “There should be a minimum open space requirement on this parcel to encourage public quality of life”
- “Restaurant or dine-in situation would be great for that spot”
- “Attract a dine-in restaurant to this parcel...would be a convenient option for food service”
- “Reasonable affordable home ownership options”
- “There should be no more development of micro-unit. Focus on less dense, family focused developments”
- “Grove Hall should be a vibrant commercial corridor...”
- “The community should have a bigger say in what's going on”
- “There is too much construction going on already. See what the community needs after the other developments are completed”
The Path Forward

Overarching Community Opinion

• The community would like to see the development of restaurant and homeownership opportunity
• The maintaining green space and low-density development is preferred
• A reduction to the amount of development that is active at one-time is preferred
• The community must have a say in the development

Plan of Action for The BPDA

• The BPDA will begin to put together an RFP for a mixed-use development that will provide commercial space on the first floor for food services and homeownership opportunities on the floors above
• Another meeting will be scheduled for the beginning of April to give the community an opportunity to discuss Development Objectives & Design Guidelines
• We will work to reduce the overlap between this development and the new transit line
Site Zoning Examples

• Zoned MFR
  ▪ FAR 1.0
  ▪ 4 stories, 45’ max
  ▪ 800 SF (200/unit) open space

• Setbacks
  ▪ 20’ front yard
  ▪ 10’ side yard
  ▪ 20’ rear yard

1.0 parking ratio
Design Approach
Concept

The design approach shown are for discussion purposes only

- 626 Warren St.
  - Accommodate expanded bus stop
  - Negotiate acute corner at intersection of Warren and Sunderland

- Any combination of parcels
  - Relate to existing context (mix of commercial and residential, no buildings in immediate vicinity taller than 3 stories)
  - Maintain existing trees
  - Potentially expand sidewalks to conform with Complete Streets standards

Most options need zoning relief for parking requirements
6 Unit Condos or Apartments

The unit layouts shown are for discussion purposes only

- 3 Stories
- Open Space: 2,570 SF
- Lot Coverage: 49%
- FAR: 1.46
- 6 Units
  - (3) 2 Bedroom units
  - (3) 3 Bedroom units
- No Parking
5 Unit Condo or Apartments

The unit layouts shown are for discussion purposes only

- 3 Stories
- Open Space: 1,750 AF
- Lot Coverage: 25%
- FAR: 1.37
- 5 Units
  - (3) 2 Bedroom units
  - (2) 3 Bedroom units
- 4 Parking Spaces

27-29 Fernboro Street Results
Thoughts Gathered in Community Visioning

- “6 units of housing seems appropriate on this site”
- “If something is built it must be a single family or two-family house”
- “Affordable homeownership opportunities was the request in previous community process”
- “Parcels should be offered to the abutters to purchases or...should be [affordable] 1 or 2 family homes...”
- “The community is too congested. Parking is difficult on this road”
- “Sometimes I have to park two blocks away...the teachers park on this street”
- “Considerations need to be made for parking...green space”
- “Leave the area as an open space...maybe a park/nice landscaped area”

The Path Forward

Overarching Community Opinion

• The community doesn’t want an increase to the parking burden on the street. Preferably the community would like to the land to remain green space. However, if the land was developed, they would what though development to only be single or two-family homes for affordable ownership opportunities.

Plan of Action for The BPDA

• The BPDA will partner with MOH to develop the sites.

• We draft an RFP for the development of housing chosen by the community today.

• Another meeting will be scheduled for the beginning of April to give the community an opportunity to discuss Development Objectives & Design Guidelines
12 Condo or Rental Units Concept

The unit layouts shown are for discussion purposes only

- Two buildings with height 35 feet/3 stories
- Each floor would have 2 units for a total of 6 units in each building
- Off street parking with 1 space for each unit
18 Condo or Rental Units Concept

The unit layouts shown are for discussion purposes only

- One building scaled as 3 triple deckers
- There would be 6 units per floor for a total of 18 units
- There would be a parking lot built that would provide 13 spaces for the building
7 Ownership Rowhouses Concept

The unit layouts shown are for discussion purposes only

- 7 fee-simple rowhouses with a 35-foot height
- There would be a driveway easement which would allow a one-way driveway for all homes
- There would be one parking space for each home.
4 Two-Family Houses Concept

- 4 two-family homes with connected units' side by side.
- This design provides the most green space but it sacrifices street parking to do so.
- Each home has off street parking
