

MINUTES

DESIGN COMMITTEE OF THE BOSTON CIVIC DESIGN COMMISSION

DATE: October 23, 2018

5:00pm, Room #937A, 9th Floor, Boston City Hall

Project: **Dock Square Garage**

Present: Kirk Sykes, Andrea Leers, William Rawn

DISCUSSION: Discussion of the reaction from the September 4th meeting, where the Commissioners requested a design aligned more closely with the Greenway guidelines. The updated scheme offers a lower height and options for cladding the existing garage.

The Project team used a digital presentation and a model to outline their studies and the updated Project and answered questions from the BCDC Commissioners present. Commissioners expressed an interest in seeing a different building form on the site and the need to see views from all vantage points. The Project will continue in Committee.
