Come Listen, Learn, and Tell Us What You Think

Throughout the Allston-Brighton Mobility Study, our team has been busy studying the neighborhood, and we have preliminary results to share with you. Here's what you can expect to learn and talk about:

- Tell us what we are missing.
- Review the greatest **challenges** for each mode - walking, biking, transit, and driving.
- Shape the **goals** of the A-B Mobility Study.
- Learn about the kinds of **improvements and interventions** we can consider.
