7:15 – 7:30 Review 6-Month Outlook

7:30 – 8:00 Q&A

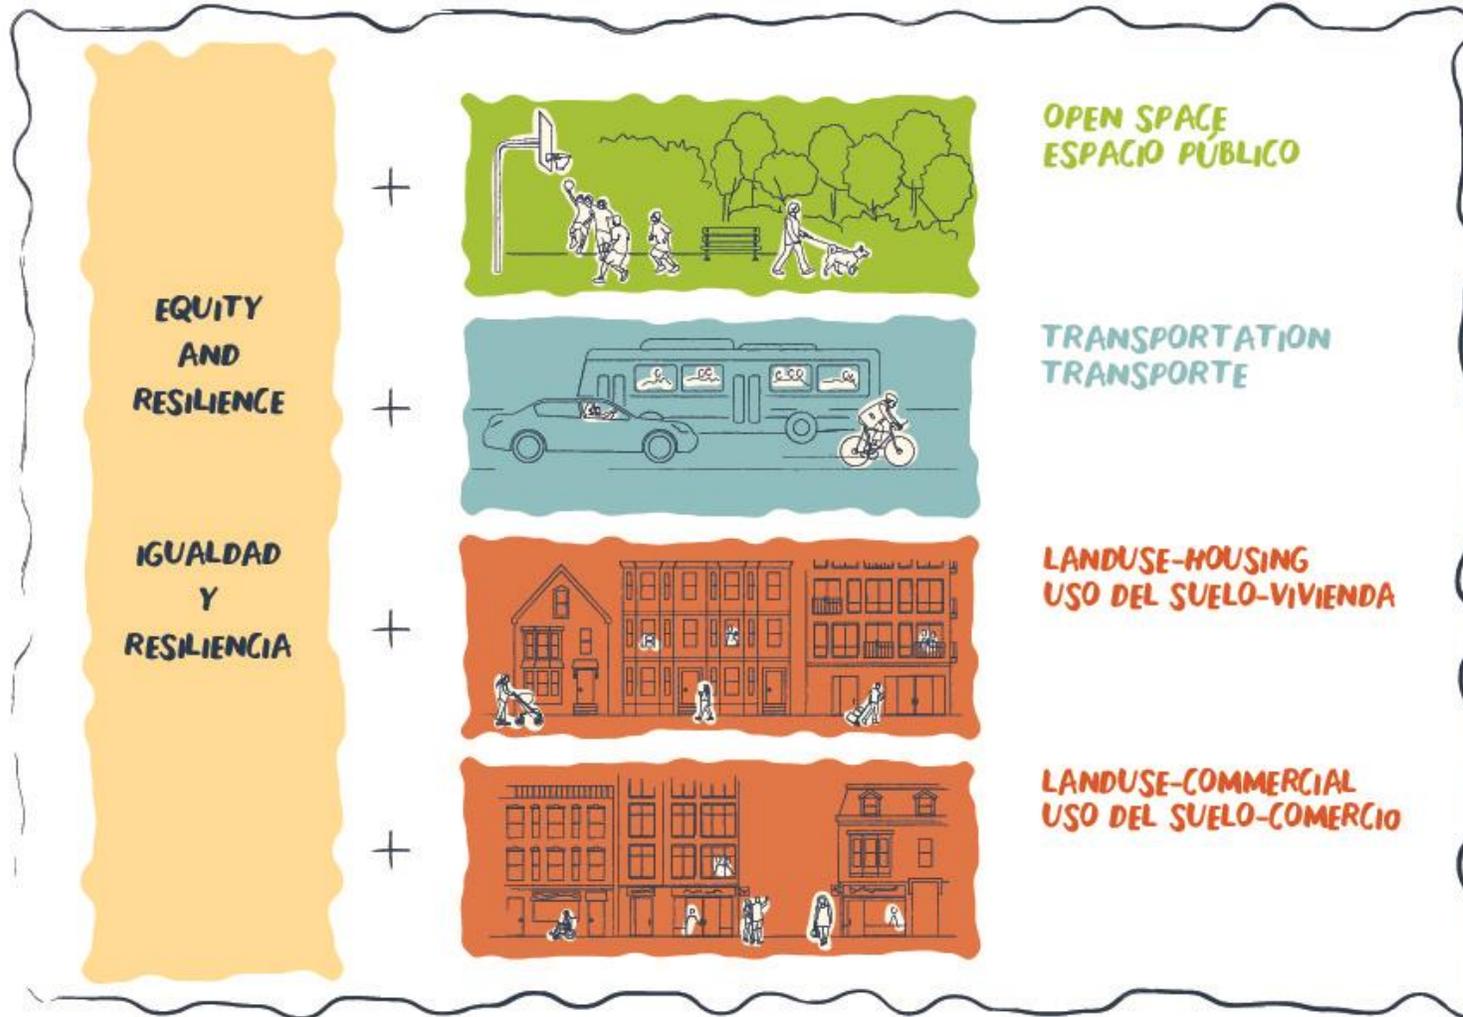

PLAN: East Boston

PLAN: East Boston is a neighborhood-wide planning initiative in East Boston. Guided by Imagine Boston 2030, the planning process will build on earlier planning initiatives and will assess their stated goals for East Boston. The process will update the East Boston Master Plan (2000) and will produce a framework to predictably shape the future of East Boston, and identify opportunities to preserve, enhance, and grow.

Specifically, PLAN: East Boston will:

- Recommend updates to East Boston's zoning Article 53;
- Produce urban design guidelines; and
- Recommend immediate- to long-term improvement projects for the neighborhood's transportation network.
