Common Allbright [COMMENTS]
525 Lincoln Street

1. **LANDSCAPING**
   - Site should be a ‘walkable’ prototype for the future of Cambridge St.
   - Creation of an ‘urban block’ and the pedestrian experience.

2. **ARCHITECTURE**
   - Reduce ‘pit’ at the corner of Cambridge St and Lincoln St.
   - Enhance ‘break’ in building to express 2 or 3 separate buildings.
   - Further development along Lincoln St @ community space.
