In re: AMMENDED AND RESTATED DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT AREA NO. 7, GARDEN GARAGE PROJECT-WEST END

Dear Mr. McGuire:

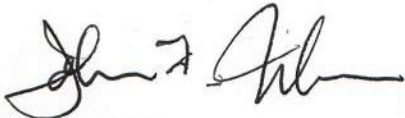

As evidenced by the 55 Letters enclosed, the residents of Amy Lowell Apartments wish to express our opposition to the above stated amendment and restated development plan.

We request that the BRA deny the requested amended PDA No. 7.

Our residents have stated the reasons for their objections in the enclosed letters.

The residents of Amy Lowell Apartments are not opposed to the redevelopment of the Garden Garage providing the project is complimentary to the existing residential neighborhood and complies with the zoning regulations as set forth in the West End Urban Renewal Plan of 1957.

Respectfully,

A handwritten signature in black ink, appearing to read "John F. Nihen", with a stylized flourish at the end.

John F. Nihen
Chairperson

Re: Comments Due on Amended & Restated PDA No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 11 years. It is a truly unique neighborhood in the City of Boston, with open space, a park-like environment, treasured views of iconic Boston landmarks, a diverse population, and many other quality-of-life amenities that make this the "best neighborhood this side of heaven."

We all want to see the West End continue to thrive, and we welcome all efforts to positively enhance our community. Since September 2014, when Equity Residential initially submitted a Notice of Project Change, our community has attended all the public and informational meetings in our community regarding this project. In December 2014, we submitted 600+ letters to the BRA making it clear that we are opposed to this project as proposed.

We are writing once again to voice our opposition to any amendment to PDA No.7 that would allow Equity Residential to move forward with its proposal to replace the Garden (Bubble) Garage with an almost 500 - foot, 46 story tower with 486 residential units and an 830- space underground garage.

I am opposed in general to this project
(see reverse side for comments/remarks)
We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized and complements the other buildings in our residential neighborhood. Thus far, we believe that our neighborhood concerns about height, density, massing, infrastructure impacts, as well as traffic and safety issues have been ignored by the BRA and Equity Residential, as evidenced by their unwillingness to make any changes to the proposal despite the clear opposition of long-term residents for the West End.

We want to believe that the BRA is invested in improving our community for the benefit of all our West End residents, not just for the benefit of a big development company.

Thank you for the opportunity to comment.

Re Proposed PDA No. 7

It takes considerable hubris, not to mention arrogance, on the part of the BRA and Equity to purport to side step all the opposition from West End residents to replace the Bubble Garage with yet another towering residential building with parking confined to its own residents. This past Winter (late January through mid-March), the Bubble Garage - available to neighborhood residents and ticket holders to games & events @ the Garden - served as a life saver parking refuge for those prevented (due to mountains of snow on the sidewalks and streets !!?!!) from using on-street parking anywhere.

What is the point of having residents in the neighborhood during the comment period express an adamant "No" / "Opposed" if the BRA seeks to get this project built at all costs!? Circumventing our opposition in the effort to attempt to re-write the city's zoning laws? Is this even legal? (I have contacted my City Councilor's office -- and will be happy to initiate a petition to ensure that Mayor Walsh, Councilor Zakim and West End residents be aware that corrupted political initiatives will only accomplish one sure objective: a more resounding opposition and citation to the BRA & Equity's underhanded motives on this or any related such project by all interested media - NEA, WBZ, WDAZ & WCVB - There are plenty of other in-town Boston neighborhoods that could use your attention - leave us alone!"

Subject: Comments regarding Equity Residential Proposal for an Amended & Restated PDA (Planned Development Area) No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 20 years. It is a truly unique neighborhood in the City of Boston, with open space, a park-like environment, a diverse population and a central location in the heart of the city.

I am writing to oppose the proposed amendment to or restatement of **PDA No.7** that would give Equity Residential the ability to move forward with its proposal to replace the Garden (Bubble) Garage with a **46 story tower with 486 luxury rental units and an underground garage with 830 parking spaces**.

We are not opposed to replacing the Garden Garage; however, we can only support a replacement for the Garage that is reasonably sized, less massive in scope and density than the proposed building, provides onsite workforce housing, and complements the other buildings in our **residential neighborhood**. We all want to see the West End continue to thrive, and we welcome all efforts to positively enhance our community. Since Equity Residential initially submitted a Notice of Project Change for redevelopment of the Garden (Bubble) Garage in September 2014, we have actively and vocally participated in all the public and informational meetings regarding this project. **In December 2014, we also submitted 600+ signatures (individual and form comment letters) to the BRA making it clear that we are opposed to this project as proposed.**

We also strongly object to the fact that our Impact Advisory Group (IAG) members did not receive any notice regarding the BRA petition to revise two amendments to the zoning code in our neighborhood. The amendments were subsequently approved. We believe our neighborhood was harmed by this lack of notice to our representatives since they had no opportunity to attend the hearing, comment, or otherwise advise neighborhood residents of the detrimental zoning recommendations, which have ultimately now led to the request to amend and restate the PDA. We also believe these changes violate the governing zoning regulations as set forth in the West End Urban Renewal Plan of 1957, which requires that its restrictive zoning supersedes any zoning overlays.

Thank you for the opportunity to comment and for considering these comments.

Re: Comments Due on Amended & Restated PDA No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 5 years. It is a truly unique neighborhood in the City of Boston, with open space, a park-like environment, treasured views of iconic Boston landmarks, a diverse population, and many other quality-of-life amenities that make this the "best neighborhood this side of heaven."

We all want to see the West End continue to thrive, and we welcome all efforts to positively enhance our community. Since September 2014, when Equity Residential initially submitted a Notice of Project Change, our community has attended all the public and informational meetings in our community regarding this project. In December 2014, we submitted 600+ letters to the BRA making it clear that we are opposed to this project as proposed.

We are writing once again to voice our opposition to any amendment to PDA No.7 that would allow Equity Residential to move forward with its proposal to replace the Garden (Bubble) Garage with an almost 500 - foot, 46 story tower with 486 residential units and an 830- space underground garage.

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized and complements the other buildings in our residential neighborhood. Thus far, we believe that our neighborhood concerns about height, density, massing, infrastructure impacts, as well as traffic and safety issues have been ignored by the BRA and Equity Residential, as evidenced by their unwillingness to make any changes to the proposal despite the clear opposition of long-term residents for the West End.

We want to believe that the BRA is invested in improving our community for the benefit of all our West End residents, not just for the benefit of a big development company.

Thank you for the opportunity to comment.

I am a West End resident and have lived in our neighborhood for more than 95 years. It is a truly unique neighborhood in the City of Boston, with open space, a park-like environment, treasured views of iconic Boston landmarks, a diverse population, and many other quality-of-life amenities that make this the "best neighborhood this side of heaven."

We all want to see the West End continue to thrive, and we welcome all efforts to positively enhance our community. Since September 2014, when Equity Residential initially submitted a Notice of Project Change, our community has attended all the public and informational meetings in our community regarding this project. In December 2014, we submitted 600+ letters to the BRA making it clear that we are opposed to this project as proposed.

We are writing once again to voice our opposition to any amendment to PDA No.7 that would allow Equity Residential to move forward with its proposal to replace the Garden (Bubble) Garage with an almost 500 - foot, 46 story tower with 486 residential units and an 830- space underground garage.

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized and complements the other buildings in our residential neighborhood. Thus far, we believe that our neighborhood concerns about height, density, massing, infrastructure impacts, as well as traffic and safety issues have been ignored by the BRA and Equity Residential, as evidenced by their unwillingness to make any changes to the proposal despite the clear opposition of long-term residents for the West End.

We want to believe that the BRA is invested in improving our community for the benefit of all our West End residents, not just for the benefit of a big development company.

Thank you for the opportunity to comment.

In December 2014, we submitted 600+ letters to the BRA making it clear that we are opposed to this project as proposed.

We are writing once again to voice our opposition to any amendment to PDA No.7 that would allow Equity Residential to move forward with its proposal to replace the Garden (Bubble) Garage with an almost 500 - foot, 46 story tower with 486 residential units and an 830- space underground garage.

We are not opposed to replacing the Garden Garage. However, we can only support a replacement for the Garage that is reasonably sized and complements the other buildings in our residential neighborhood. Thus far, we believe that our neighborhood concerns about height, density, massing, infrastructure impacts, as well as traffic and safety issues have been ignored by the BRA and Equity Residential, as evidenced by their unwillingness to make any changes to the proposal despite the clear opposition of long-term residents for the West End.

We want to believe that the BRA is invested in improving our community for the benefit of all our West End residents, not just for the benefit of a big development company.

Thank you for the opportunity to comment.

Re: Comments Due on Amended & Restated PDA No.7

Dear Mr. McGuire:

I am a West End resident and have lived in our neighborhood for more than 5 years. It is a truly unique neighborhood in the City of Boston, with open space, a park-like environment, treasured views of iconic Boston landmarks, a diverse population, and many other quality-of-life amenities that make this the "best neighborhood this side of heaven."

We all want to see the West End continue to thrive, and we welcome all efforts to positively enhance our community. Since September 2014, when Equity Residential initially submitted a Notice of Project Change, our community has attended all the public and informational meetings in our community regarding this project. In December 2014, we submitted 600+ letters to the BRA making it clear that we are opposed to this project as proposed.

We are writing once again to voice our opposition to any amendment to PDA No.7 that would allow Equity Residential to move forward with its proposal to replace the Garden (Bubble) Garage with an almost 500 - foot, 46 story tower with 486 residential units and an 830- space underground garage.
