

MINUTES
DESIGN COMMITTEE OF THE BOSTON CIVIC DESIGN COMMISSION

May 28, 2019

5:00pm, Room #937A, 9th Floor, Boston City Hall

Project: **Dock Square Garage**

Present: Deneen Crosby, Linda Eastley, Eric Höweler, William Rawn

DISCUSSION: Building upon the most recent proposal at the May 7, 2019 monthly meeting, the team presented a more developed proposal that complies with a 125' height limit and reduces the visual presence of the garage with new cladding and modern materials. Commissioners generally responded favorably to the design decisions, while still expressing hesitation about the scale of the proposal.

The Project team used a digital presentation and model to outline their approach and project updates, and answered questions from the BCDC Commissioners present. The model was placed into the BPDA's downtown model to be viewed contextually. The Project will return to the full Commission.

6:00pm, Room #933A

Project: **Seaport Square Parcel P**

Present: Deneen Crosby, Eric Höweler

DISCUSSION: The team presented the surrounding neighborhood context, including proposed and under construction buildings. Design comments continued to focus on the structural expression of the building.

The Project team used a digital presentation and model to outline their approach and project updates and answered questions from the BCDC Commissioners present. The Project will return to the full Commission for a vote.
