

Allston-Brighton Needs Assessment Community Walk

Join us for a community walk through the neighborhood as part of the ongoing Allston-Brighton Needs Assessment. We want to hear from community-based organizations and locals about what is important to them in the neighborhood, what needs improvement, and how Allston and Brighton can better serve the people who live, work and play here.

The walk will commence at **Packard's Corner at 2pm**. The walk will be an organic route, but a general route will be posted to the webpage soon. Scan the QR code below to find out more.
